A vibrant, cartoon-style illustration of outer space. The background is a deep blue-purple gradient with a starry field and a bright, multi-pointed starburst in the center. Various celestial bodies are scattered throughout: a yellow ringed planet (Jupiter-like), a blue planet with red spots, a red planet with brown spots, a blue planet with white rings (Saturn-like), a reddish-orange planet (Mars-like), a yellow and blue planet with a small moon, a blue and white planet with rings, a red planet with white spots, a blue planet with white spots, a green planet with white spots, a red planet with green spots, a pink planet with orange spots and rings, a brown cratered planet (Moon-like), and a bright yellow sun with orange flames on the right. In the center, a silver UFO with a yellow dome and lights is shown from a top-down perspective, emitting a blue beam of light towards a pink planet with orange spots and rings at the bottom. The text 'ist gerutscht' and 'rutschen' is written in a blue, stylized font over the UFO's beam.
