

Welcome to Toronto!

Tourist destinations.

Kuzmina Alina.

Television the CN Tower

The height of the Tower is more than 553 meters. You can see panorama of the city from a birds eye view (from 380meters).

Casa Loma Castle

The castle was built in the tradition of the Middle Ages. The complex has tunnels.

Royal Ontario Museum

The museum resembles the shape of the crystal. There are 6 million items.

Toronto Islands

The complex contains 17 tiny islands. This place has not cars, it is for walking and relaxing.

Yorkville-Bloor

Yorkville-Bloor is one of the most expensive areas in the world. On the streets you can find brands such as Prada, Gucci, Swarovski, Tiffany.

University of Toronto

It is the best university in Canada. It is popular for its achievements: the first electron microscope was created here.

Hockey Hall of Fame

The museum is dedicated to hockey.

Here everybody can participate in experiments. The museum has its own planetarium.

Zoo

It is an oasis in the world of skyscrapers. There are 16000 living creatures.

Thank you for your attention!
