*Historical resistance
to establishing
the Soviet hegemony in
Qazaqstan*

Learning
objectives

- **Evaluation of the innovations in education**
- **Alash movement (the government of the Alash-Orda autonomy, and the identity of the party "Alash" ideas)**

CONCEPTS

Autonomy - 1. state administration (self-government) is a political and national structure (Republic, region, district), endowed with the right of self – government within one state. An integral part of the governed state on the basis of a single Constitution; 3. Independent decision of the internal power of a certain national-territorial zone.

Petition - is a collective appeal sent to higher authorities

Totalitarianism - a type of government in which all spheres of society are under the control of the authorities, human rights and freedoms are lost

Declaration - the most important statement on behalf of the government, the state, political parties and international organizations

Decree - on the same issue, resolution of the Supreme Council, having legal force, legal act

Try to think :

- Because of what the idea of the Kokand autonomy and the Alash Orda has not achieved success?
