Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.

This is a slide
title

- Here you have a list of items
- And some text
- But remember not to overload your slides with content

Your audience will listen to you or read the content, but won't do both.

BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations

**You can also
split your
content**

White

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

Black

Is the color of ebony and of outer space. It has been the symbolic color of elegance, solemnity and authority.

In two or three columns

Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

Blue

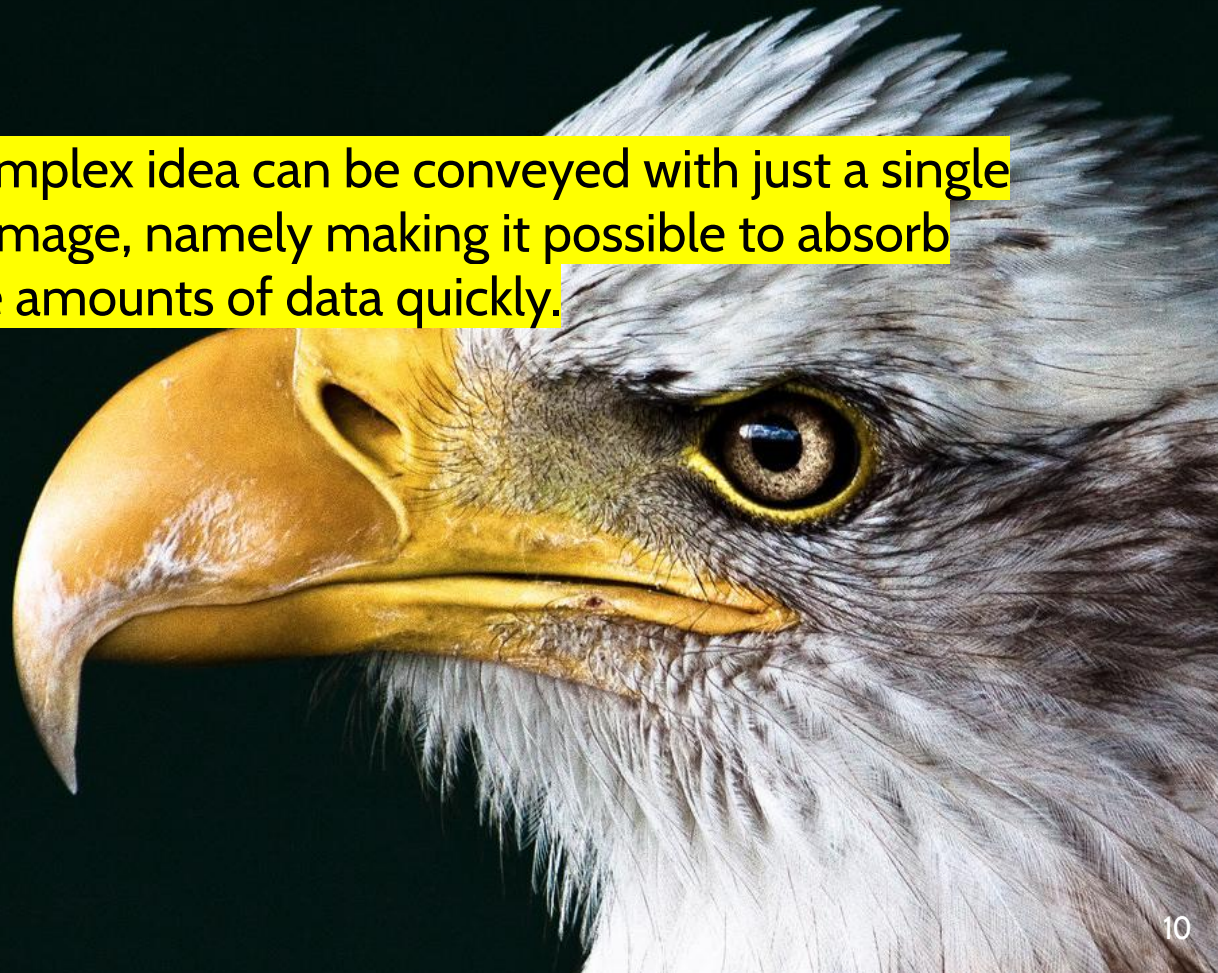

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

A stylized tablet template with a yellow double-line border. The screen area is black and contains the text "Place your screenshot here" in white. At the top center of the tablet, there are two small white dots representing a notch. At the bottom center, there is a white circle representing a home button. The entire tablet is centered within a large black circle on a yellow background.

Presentation design

This presentation uses the following typographies and colors:

- Titles: **Cabin condensed**
- Body copy: **Cabin**

You can download the fonts on this page:

<https://www.fontsquirrel.com/fonts/cabin>

<http://www.1001fonts.com/cabin-condensed-font.html>

- Black **#000000**
- Yellow **#ffff00**

You don't need to keep this slide in your presentation. It's only here to serve you as a design guide if you need to create new slides or download the fonts to edit the presentation in PowerPoint®

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)

Examples:

Diagrams and infographics

Now you can use any emoji as an icon!
And of course it resizes without losing quality and you can change the color.
