

Hello! I am Amur tiger!

my coat is much thicker, fluffier and warmer than other tigers.

also my tummy is white :)

i am one of the largest animals, i have a thicker coat than other tigers and my coloration is lighter.

my body is long, flexible, head is round, legs are short and a tail is long. The ears are very short.

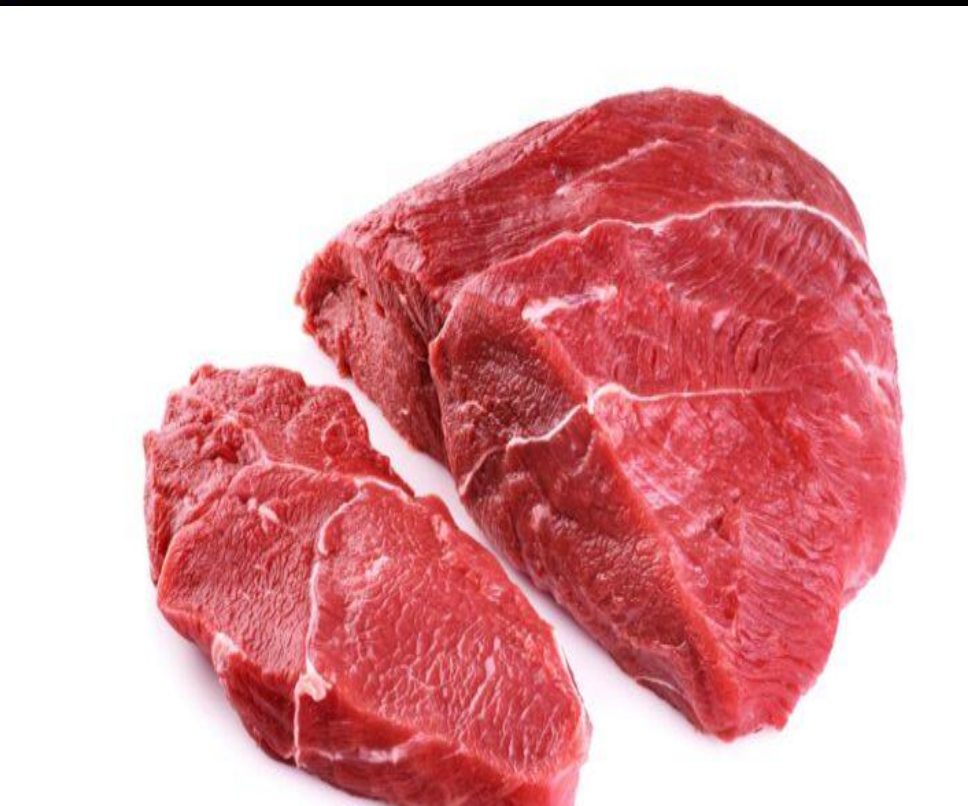

at night, I sees five times better than people lol

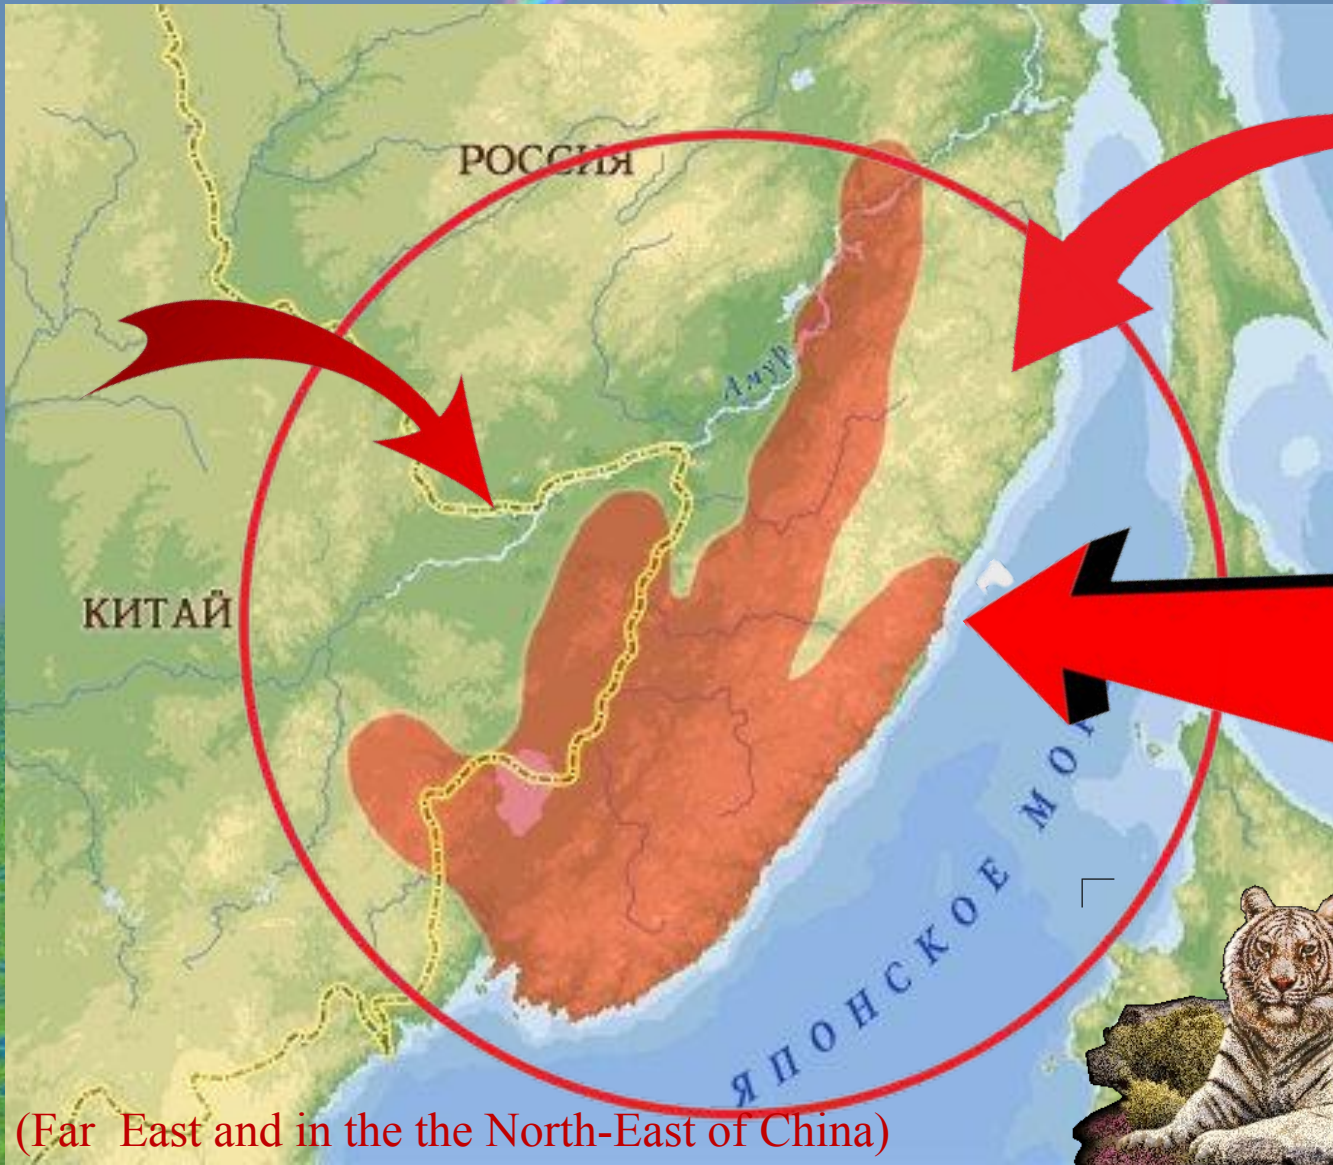

I eat it :)

I dont understand **vegetarians**, because I eat 10 kg of **meat** every day

I live here !

(Far East and in the the North-East of China)

Sable

Thanks for your attention!
