World X

An Invite-Only Luxury Travel NFT Club
for Web2 And Web3 Leaders

scroll down from top page

WORLD X is an invite-only, META-Travel NFT membership project powered by Travel Curators, an award-winning luxury travel technology company renowned for curating one-of-a-kind experiences across the globe.

With the first of its line-up of WORLD X Clubhouses in Singapore, Project WORLD X seeks to connect Web 2.0 and 3.0 leaders who are passionate about travelling well and giving back. Through exploring uncharted territories in the most remote corners of the world, enjoying gastronomical delights at every turn, and meeting inspirational locals who can show a side of their countries that not many have seen before, our META-Travel Community Members will be able to leverage their collective strengths to redefine what sustainable luxury travel can be and **give back** to the countries and local communities that welcome us.

How we give back

In every journey we embark on, we strive to create a positive impact on the people, economy and environment of each place we're privileged to visit. Some of the easiest ways include favoring (without compromising on safety and quality of course!) locally owned establishments that are not generally frequented by tourists to spread the economic benefits of your trip, visiting workshops rather than retail outlets so that you can make purchases directly from artisans, and incorporating walking segments to reduce our carbon footprint. For those who wish to do more, we can also weave in philanthropic objectives into your trip, such as directly sponsoring land right renewals for local tribes trying to protect their land from deforestation, or building schools for less fortunate communities.

We will use web3.0 technology to make the process of giving back more productive and transparent.

WORLD X Clubhouse Singapore

Unparalleled offerings

Over 500,000 sq feet of luxurious, contemporary, and flexible events space suitable for both intimate gatherings and large networking parties;

Prime location nestled in tranquil greenery of UNESCO Heritage Site Singapore Botanical Gardens;

On-site restaurant helmed by a different celebrity chef each quarter, curating special menus prepared with locally or sustainably sourced ingredients;

A highly curated selection of fine wines and sakes and rare teas (storage facilities available for members too) from every corner of the world, available at affordable prices by the glass or cup;

Events calendar that includes masterclasses by famous artisans, sake appreciation dinners hosted by top brewers, and other cultural programs that explore all aspects of a life well-travelled.

Did you know?

The Flagstaff House (a.k.a. Command House) was built in 1937 at the cost of 100,000 Straits Dollars, and served as the official residence of the British General Officer Commanding Malaya.
