

to be very scared of

petrified of

a film with lots of blood

gory

a person who is easily scared of a lot
of things

a scaredy-cat

makes me feel uncomfortable

gives me the
heebie-jeebies

physically trembling with fear

shake like a leaf

scare a lot

scary you half to death

...it involves things that cannot
be explained by science

spooky

a person who can't deal with the
sight of blood

squeamish

a physical response to being
scared

Sends shivers down my spine

unpleasant in a way that makes
you feel nervous or frightened

Creepy
