

# Why I want to work in the Valve company?

I want to become a programmer in the valve company as there the most excellent working conditions and development of video games now the most fast-growing business the bringing-in huge income

Company logo for Valve\_Corporation

# History

- Valve was founded by former longtime Microsoft employees Gabe Newell and Mike Harrington on August 24, 1996, as Valve L.L.C., based in Kirkland, Washington on the Seattle Eastside. After incorporation in April 2003, it moved from its original location to Bellevue, Washington, the same city in which their original publisher, Sierra On-Line, Inc., was based.

Of interview Gabe Newell has said in one:  
“We don't watch fixedly that, our employees on  
the sick-list or on holiday what is the time will  
see off”

# The End
