

PRESENT SIMPLE PASSIVE

A series of horizontal lines in teal and light blue colors, with some lines having a stepped or staggered appearance, located at the bottom of the slide.

- English has two voices: active and passive. The active voice is used when the subject of the sentence does the action. For example: My mom sings that song.
- The passive voice is used when we focus on the object of the sentence. For example: That song is sung by my mom.

- When it is important to know who does the action, we use **by**. The noun that follows **by** is called the “agent.” My mom was the subject in the active sentence, but it becomes the agent in the passive sentence.

- When the agent is unknown, or unimportant to the meaning of the sentence, we do not use *by*. *For example*: This sweater is made in China.
