Contents of the Report

Part 1: Introduction

Part 2: Message from our Leaders

Part 3: Name of section of report

Part 4: Name of section of report

Part 5: Name of section of report

Introduction

The Sustainable Development Goals (SDGs), also known as Global Goals, are a set of 17 integrated and interrelated goals to end poverty, protect the planet and ensure that humanity enjoys peace and prosperity by 2030.

Reporting on the SDGs is important in communicating to stakeholders the company's commitment to contributing to the Global Goals; claiming accountability and responsibility to take the necessary actions; and measuring progress over time.

THE GLOBAL GOALS

Introduction

Your SDG progress report can start with a brief review of your organization's alignment to the Global Goals. It can include the social responsibility and business case for taking action on the SDGs.

Creating a good SDG progress report means being transparent with your audience. Back up your claims with relevant data. Keep your sentences concise when necessary, but dive into detail when it comes to qualitative and quantitative evidence. Remember: this report is a combination of understanding how your mission aligns with global sustainability efforts, and communicating that clearly with the rest of the world.

Message from Our leaders

This section is an opportunity to demonstrate how top management is taking the lead and giving direction to the company's sustainability efforts.

An authentic, sincere and mission-driven statement from the chair, CEO or president signals commitment and sets the tone for the rest of the report. It can include an overview of the vision, direction and strategy the organization is committed to take, to help move the needle on the SDGs to meet the global 2030 deadline.

This message demonstrates the company's understanding of its impact and responsibility to people and the planet.

Priority SDG

To help give your audience an overview, this section can include a brief description of the goal, its relevance to your sector or industry, and the specific sub-targets your organization is addressing.

Priority SDG

There are 17 SDGs and 169 targets in total. While they are all important and interrelated, some will be more relevant to your business than others.

Measuring Progress

Performance goals are a good way to monitor and measure progress. Reporting performance can include details such as indicators identified, data collected and SDG-related activities accomplished. Clear and concrete performance goals make it easier to generate relevant, consistent and comparable data over time.

Key Indicator	Activity / Project	Data / Outcome
Your Key Performance Indicator goes here	Add a few details describing the related activities	<ul style="list-style-type: none">• What results did you obtain from your project?• Write them here.

Performance goals are a good way to monitor and measure progress. Reporting performance can include details such as indicators identified, data collected and SDG-related activities accomplished. Clear and concrete performance goals make it easier to generate relevant, consistent and comparable data over time, in formats that your audience can understand and appreciate.

What should you be including in your SDG progress report? While there is no standard way of reporting on the Global Goals as of yet, here are a few methods to consider when presenting your data:

Key statistics

Your most important quantitative data

Key findings

Qualitative results from SDG-related projects or activities

Report cards

Criteria and grade assessments for transparent reporting

Infographics

An organized snapshot of relevant data

Timelines

A visual way to track progress over time

Next Steps

Where do you go from here? Sustainability reports are not just about looking back, but also looking forward.

Action or commitment

Include a brief description, rationale and intended impact. It helps to keep it concise yet concrete!
