

Временная организация клетки

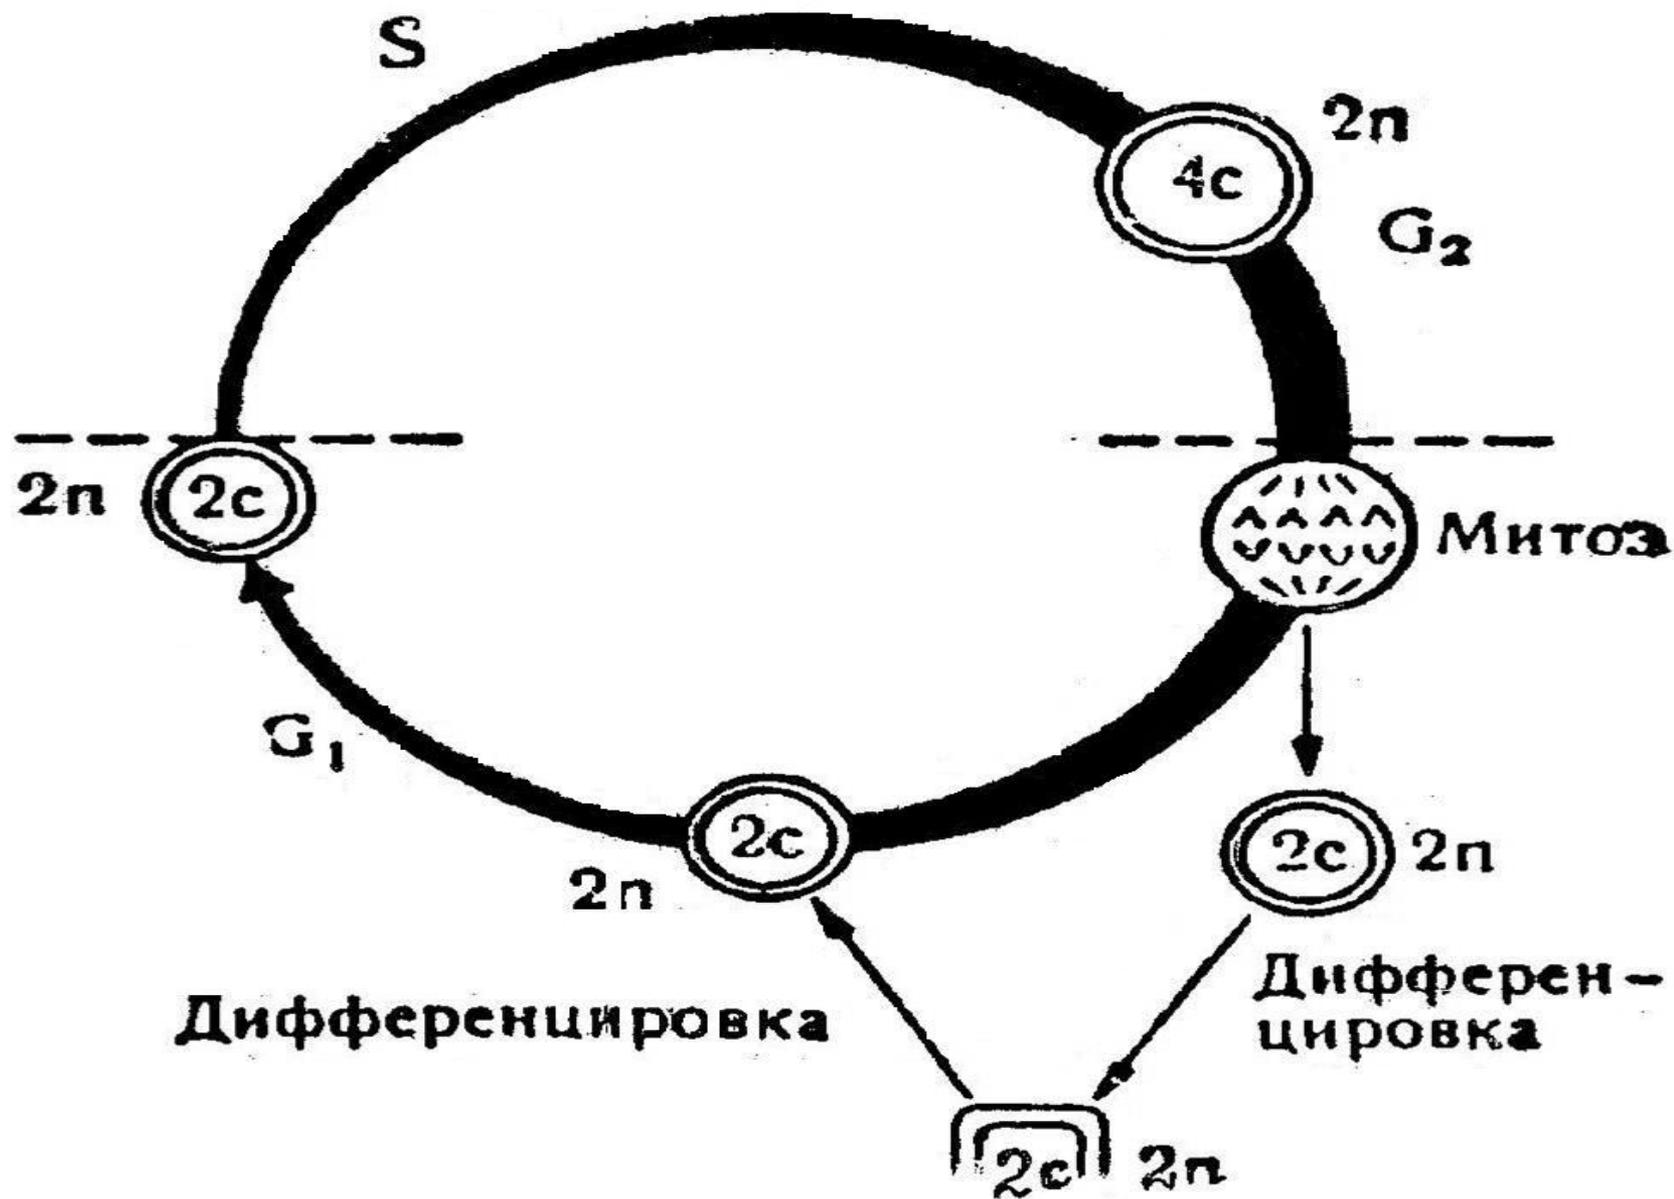

План лекции

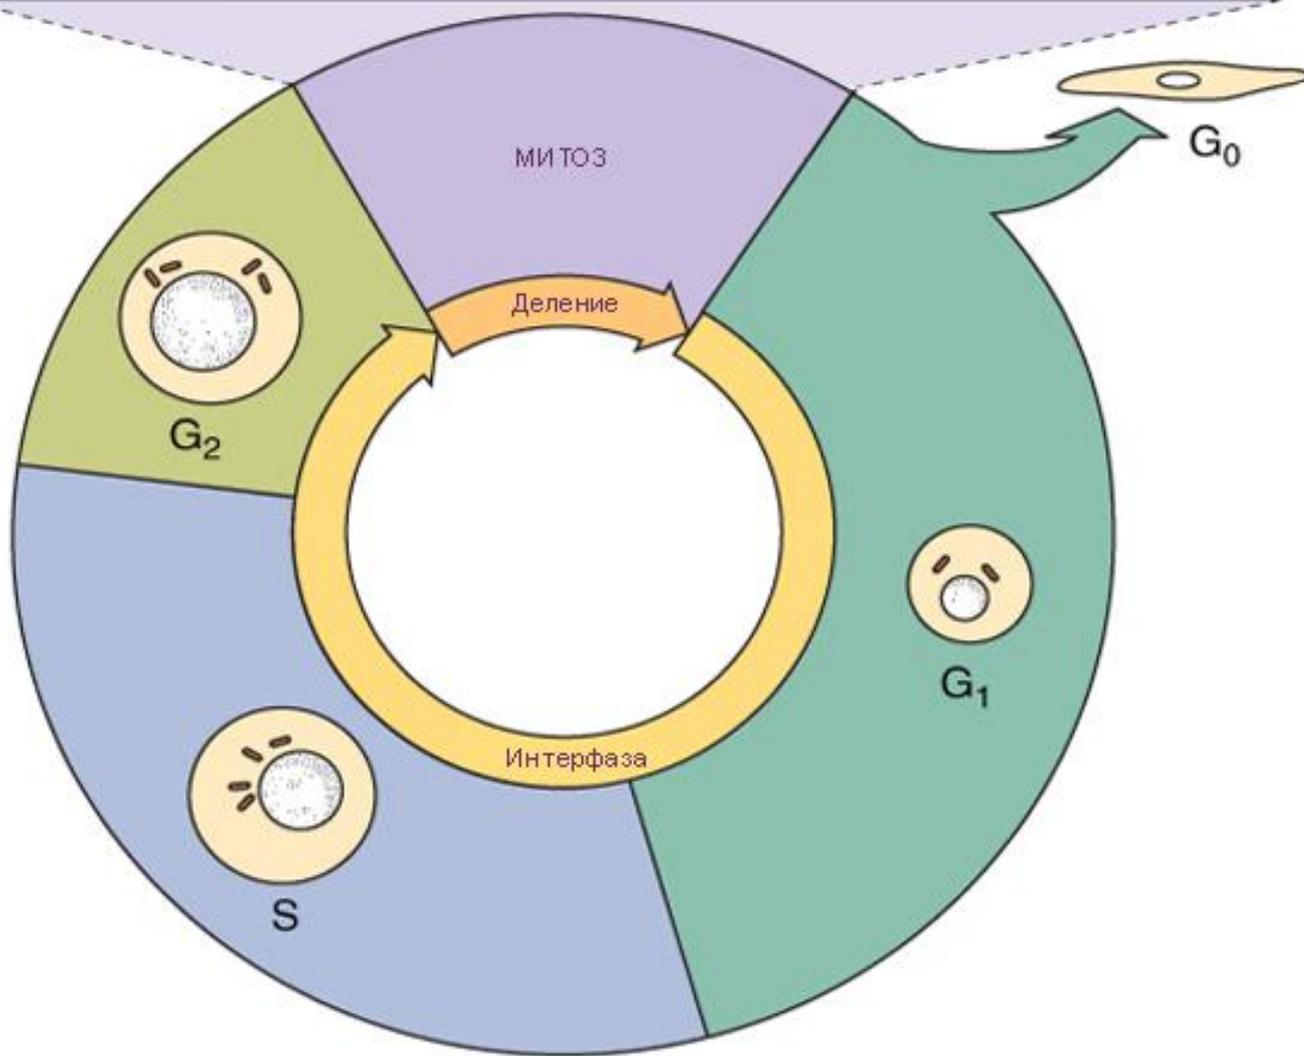

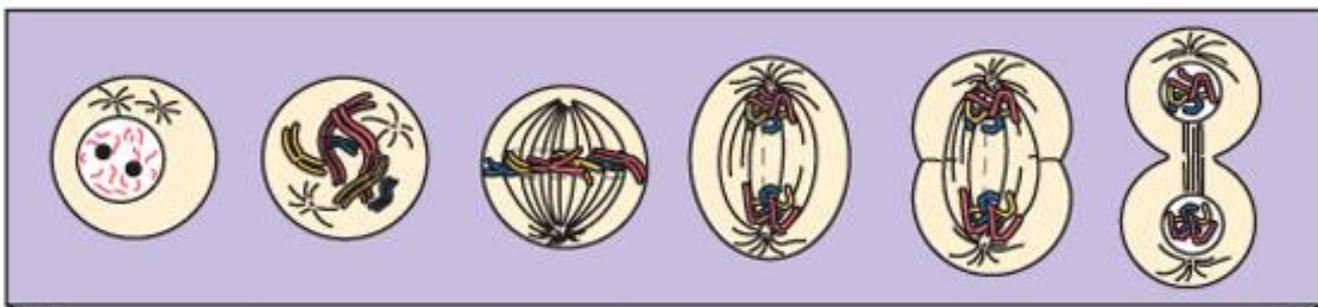

- 1. Жизненный цикл клетки, его периодизация.**
- 2. Митотический цикл, его периоды, их характеристика.**
- 3. Митоз, характеристика его стадий. Регуляция митоза. Биологическое значение митоза.**
- 4. Амитоз, его характеристика.**
- 5. Понятие мейоза.**
- 6. Политения, эндомитоз, их характеристика.**

Молекулярная организация клетки

Здесь схематически представлен ход цитокинеза в клетках высших растений, имеющих жесткую клеточную стенку
