

Marketing tricks

A 3D rendered image of a supermarket aisle. In the foreground, a silver metal shopping cart with a red handle is positioned on the left. The aisle is lined with shelves on both sides, filled with various products. On the left side, there are rows of 'Alive!' brand items, including small containers and boxes. On the right side, there are rows of blue and yellow containers, and a display of green items in a wooden crate. The perspective is from the front of the cart, looking down the aisle towards the background. The lighting is bright and even, typical of a supermarket. The text 'Marketing tricks' is overlaid in a white, sans-serif font on a semi-transparent orange rectangular background in the upper center of the image.
