9 “A” class

Profile

- A short description that gives important details about a person, a group of people or a place. A profile of the area includes main landmarks, roads, water supplies, etc

Nikolayevsky Bridge

- Nikolayevsky Bridge is an auto-pedestrian bridge in the city of Krasnoyarsk across the Yenisei River.
- The Nikolayevsky Bridge became the first (upper) bridge of Krasnoyarsk in relation to the flow of the river.
- The length of the Nikolayevsky bridge is 6771 meters. Of these, 1273 meters is the length in the channel part of the Yenisei

Nature reserve “Stolby”

- The state nature reserve "Stolby" is located on the northwestern spurs of the Eastern Sayan.
- This is one of the oldest reserves in Russia. The area of its territory is 47 000 ha. This is the only reserve in Russia, which was created on the initiative of the residents themselves.
- Our reserve is one of the most visited in Russia.

Monument “King-fish”

- When Astafiev was 80 years old - built this monument
- This happened in 2004. It is possible to consider that the Tsar-Fish is a characteristic symbol of Krasnoyarsk Krai.
- The work represents the struggle of man with indomitable and powerful nature.
