19 Read the text and draw Caroline's family tree.

### A FRIENDLY FAMILY

Caroline Porter has a large family. There are nine people in it. The oldest member of her family is her granny. You can hardly believe it but she is about 90. She lives in a small cottage in the country. Caroline's granny is very interested in life. She is fond of gardening and has got a lot of beautiful and unusual flowers in her small tidy<sup>1</sup> garden. When Caroline's granny was young she was a greengrocer and worked in a small shop in the same street.

☐ 5. Caroline's mother and father are architects. They are about 50 but look much younger. They are fond of ancient<sup>2</sup> Russian churches and they often travel to Russia. They visit big cities and small towns. They are real specialists and know a lot. They often tell their family about their journeys. Caroline's mother is called Debbie. She is a tall woman, slim<sup>3</sup> and fair-haired,<sup>4</sup> very clever and nice. Her husband's name is Peter. Peter is shorter than his wife. He is thin and dark-haired. He is very brave. They have been married for 25 years and are real friends. ☐

Alice

Victor

Debbie has a brother, Victor, and a sister, Alice, who is a nurse in a hospital. Alice is not married and has no children. Victor is a salesman. He is married and has two children — Bob and Polly. They are at primary school. Caroline's cousins are very bright. They

### LET US READ

23 Read the dialogue "English-speaking Countries" and say why Helen is interested in the English language.

#### ENGLISH-SPEAKING COUNTRIES

**Diana:** Hi, Helen! Haven't seen you for ages! How've you been?

**Helen:** Just fine, thanks, and you? I've been a long time since I saw you?

**Diana:** Right, it has. I last saw you in the library. You were preparing for the talk<sup>1</sup> on your favourite subject — English, of course.

**Helen:** True. But why are you laughing? I think English is the most popular language nowadays. People all over the world speak English. In Russia and France, in Germany and Italy, in Spain and Egypt people learn English as a foreign language.

**Diana:** I know they do. By the way, they say, that English has become the most important international language of nowadays.<sup>2</sup>

**Helen:** Oh, yes, it certainly has. People will understand you practically everywhere if you speak English. In most of the countries people speak English and their native language of course.

**Diana:** And in what countries do people use English as their native language?

**Helen:** In Great Britain, the USA, Canada, Australia and New Zealand. These are English-speaking countries.

prepare for the talk — готовиться к докладу

**Diana:** So in all these countries people speak the same language, don't they?

**Helen:** My answer is "yes" and "no". Though they all speak English, yet it is a little different in each of these countries.

**Diana:** You don't say so! I never knew that Americans and the English speak different languages.

**Helen:** Oh, no! They don't. They speak English in both countries, but people speak American English in the USA and British English in Great Britain. Different words often name the same things.

**Diana:** What do you mean?

**Helen:** I mean that people live in flats in England but they live in apartments in America. They eat cookies and candies in the USA, but biscuits and sweets in Great Britain. Children go to school in the fall in America but in autumn in England.

**Diana:** That's very interesting indeed.

24 Answer the questions.

1. What English-speaking countries do you know?
2. Is English or French the most important international language nowadays?
3. What foreign languages are popular in Russia?
4. Do you know American equivalents [ɪ'kwɪvələnts] for the British words "biscuits", "sweets", "autumn"?

### LET US TALK

25 Work in pairs. Imagine that you are preparing for a test on the topic "English-speaking Countries". Ask each other questions to see what things you remember about them. Find out: a) what English-speaking countries you remember; b) in what countries the English language is popular now; and is used as the international language; c) if English is the same in English-speaking countries; d) what words are used in America instead of the words "biscuits", "sweets", "autumn".

26 Were any of your classmates absent from the lesson? Tell him/her what the text is about. (See ex. 23.)

Don't kill the world!

21 Try and guess what the words mean:  
temperature [ˈtemp(ə)r(ə)tʃə], activity [æk'tɪvɪti], drinkable  
[ˈdrɪŋkəb(ə)l] (drink+able), freshwater [ˈfrefrɔːwɔːtə] (fresh+water),  
problem [ˈprɒbləm]

22 Read the text and say why the Earth is in danger.

#### THE EARTH IS IN DANGER

April 22 is Earth Day. People all over the world think about our planet. They think about air, water, plants and animals on the Earth. They say our planet is in danger. Many people do

[dɪstrɪ] – разрушать  
[sɪvɪ] – выживать

grow how to protect wild animals and plants, how to keep the air clean and the air fresh. But they are ready to do it. They help nature.

Water is very important for life on Earth. It is in our oceans, rivers and lakes. There is a lot of water on our planet. At the same time there is little water on it. This is because the water on Earth is good for drinking. In many rivers and lakes the water is very dirty. Sometimes people cannot swim in the sea because the sea and the seaside are not clean. In many places the water is not drinkable and it is dangerous to use it when you cook. Even fish die in such water.

For example Lake Baikal is the deepest freshwater lake on Earth. It is 1741 metres deep. The lake is very beautiful but it is in great danger, because of the factories which are near it. In some places the water in the lake is so dirty that it kills the animals and plants in Baikal and around it.

The way people live has changed the climate on our planet. Nowadays the temperature is rising. You do not have real Russian winter in Moscow any more. In the north of Europe the climate has become milder and warmer too.

If the temperature grows by 3-4 degrees<sup>1</sup> it will become more difficult to live on the planet.

Some people's activities do a lot of harm to the forests. People cut down trees to build farms, homes and roads. Many animals and plants lose their homes. This is bad for the Earth's air too. Modern plants<sup>2</sup> and factories send a lot of smoke into

<sup>1</sup> degree [dɪɡri] – градус  
<sup>2</sup> plant [plɑːnt] – завод
