The screenshot shows the QTUM wallet interface. At the top, it displays the QTUM logo, the current balance of 15.07277908 QTUM, and its value in USD at +432.98. The main section is titled 'Contracts' and includes a 'New Contract' button. Below this is a table of active contracts with columns for Name, Client, Created Date, and Amount. A tooltip for a contract lists the client as Lawrence P. Gise, with contact information: Umbrella Corporation, lgise@umbrellacorp.com, and phone number 669-221-6251. To the right, there is a 'Market' section with a line chart showing QTUM's price movement and a '+0.40' indicator. Below the market chart is an 'Activities' section showing recent transactions.

The screenshot shows the Monero wallet interface. The top bar displays 'Monero' and window controls. The main area is titled 'MONERO' and shows the balance as 0.000000000000. Below this, there are fields for 'Address (Paste in or select from Address book)', 'Payment ID (Optional)', and 'Description (Optional)'. A 'Send' button is visible. On the left, there is a sidebar menu with options: Send, Receive, Transactions, Contracts, and ORC Token. The bottom of the interface shows the network status as 'Connected'.

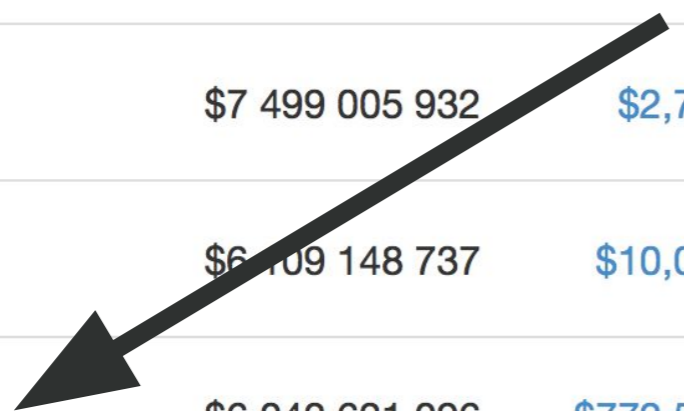

The screenshot shows the Dash Core - Wallet [testnet] interface. The top bar includes 'Overview', 'Send', 'Receive', and 'Transactions' buttons. The main area displays the wallet status: Available: 1959.5995 tDASH, Pending: 0.00 tDASH, Total: 1959.5995 tDASH. Below this is the 'Darksend' section, which is currently disabled with a 99% completion bar. The 'Darksend Balance' is 998.909989 tDASH, and the 'Amount and Rounds' are 1000.00 tDASH / 2 Rounds. A 'Start Darksend Mixing' button is prominently displayed at the bottom. To the right, there is a 'Recent transactions' list showing several transactions of +20.00 tDASH with their respective IDs and timestamps.

The screenshot shows the NEM website. The top navigation bar includes 'Enterprise', 'Investors', 'Developers', 'Community', 'Technology', 'Use Cases', and 'About', along with 'GET STARTED' and 'MENU' buttons. The main content area is titled 'Desktop Client' and features the NEM logo. Below the logo, there is a 'Download the Nano Wallet' section with buttons for 'WINDOWS', 'MAC', and 'LINUX'. A 'Source Code | Universal Client' link is also present. To the right, there is a list of features for the NEM Nano Wallet, including: Send XEM, mosaics, and messages to any address/namespace; Compatibility with OSX, Windows, Linux, and more; On-Chain Multisignature and Multi-User Accounts; Namespaces, Subdomains, and Mosaics; Apostille Notarization Service; Changelly Instant Exchange; Allows for Voting; and Allows upgrading from NCC Wallet. At the bottom, there are labels for 'NEM Node' and 'Mobile Wallet'.
