

GUESS WHO?

Game Overview:

Guess Who is a two player game where players use differential yes or no questions to isolate a hidden character. The first player to guess the other players hidden character wins.

Game Setup:

1. Make a copy of this Google Slide deck digital version of the game so you have edit access (FILE>MAKE A COPY)
2. Choose one of the characters on slide 2 & copy>paste it in the orange box (do not delete it). This character is who your opponent has to guess.
3. You have to ask questions from the list to help you guess who they have.
4. The youngest player goes first, beginning by asking the other player a question located in the green box and deleting all corresponding people.
5. Through the process of elimination, players will eventually be able to “guess” the name of the opponent’s character.
