KINGSGLAIVE

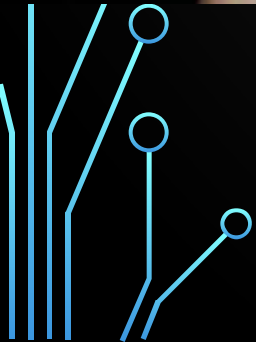

• Preface. This is the story leading to the death of the protagonist. Suppose that for a good cause. Protect the people of Insomnia. But ... I did not want to see him die. I will describe two endings. In one, he will not die. But in another we will change the future fate.

A dramatic scene from Final Fantasy VII Remake. The background shows a character in a dark, rocky environment with a bright light source, possibly a fire or a glowing object, creating a high-contrast, atmospheric setting. The text is overlaid in a bright red color.

•What is freedom? As for me it is death. In this film, I would have changed a little heroine. In the film, she is depicted unfeeling girl who in addition to the debt in the head nothing. Well, why not. To marry the heir to the throne. While the throne of the fallen city. Well, is not the point. Pulled by a ring Lucis kings. It gives you power over magic predecessors. So we will replace it on the heroine of the game in this series. She has emotions and a human. Unfortunately the movie this character is not shown in all its glory.

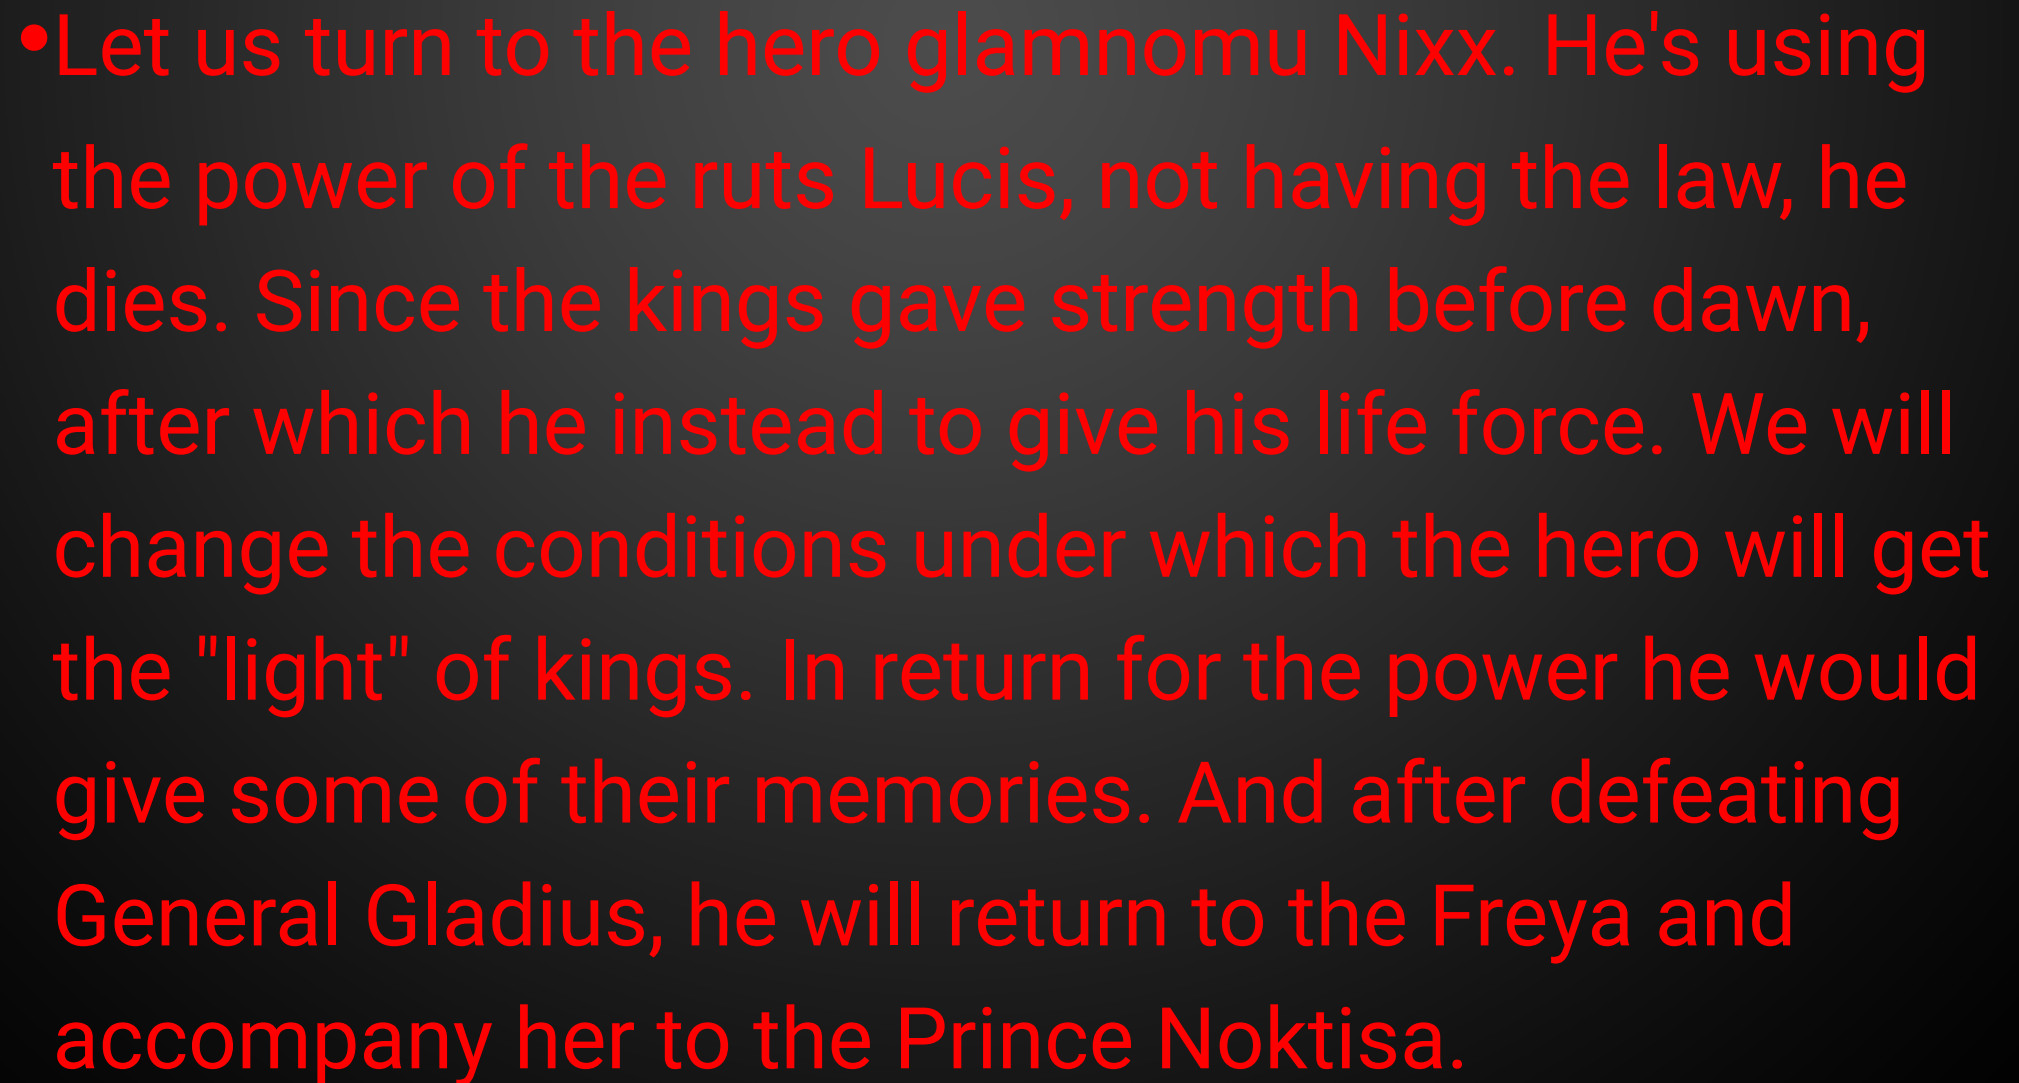

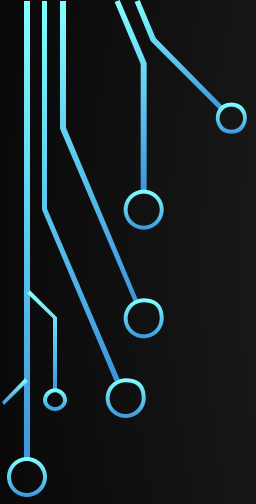

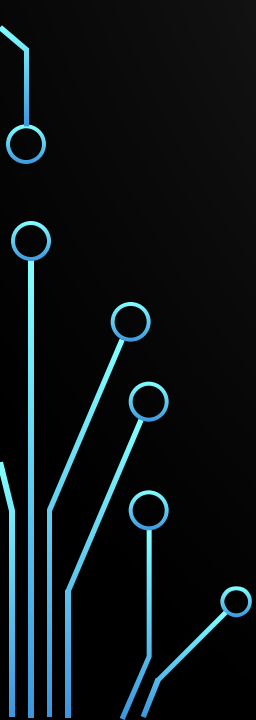

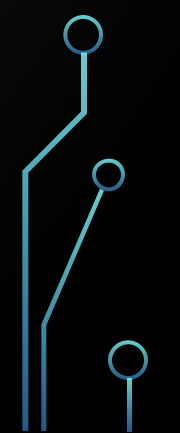

HME-NO-LUCIS/TUMBLR
