

Teaching Knowledge Test (TKT)

Students :Khidirova A
Alpysbaeva Zh
Zhumakhan A

The Teaching Knowledge Test (TKT) is a Cambridge exam specifically designed for teachers of English that assesses knowledge of English teaching methodology.

Purpose.

Purpose of passing the exam The certificate of passing this exam is a confirmation of professional growth, an official assessment of the teacher's professionalism and the opportunity to apply for a higher grade.

**what does the exam
consist of?**

The exam consists of three main modules and two specialized ones:

Module 1. Language and background to language learning and teaching

Module 2. Lesson planning and use of resources for language teaching

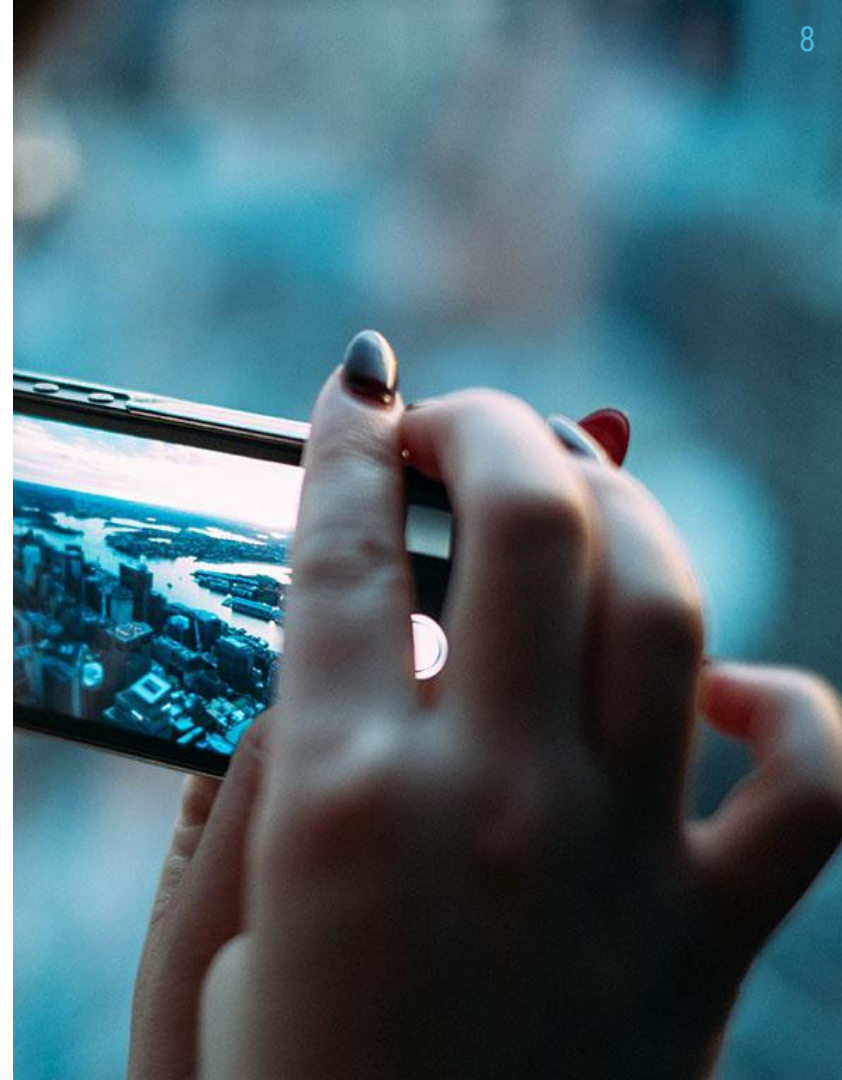

Module 3. Managing the teaching and learning process, including classroom management

How is the exam going?

The exam starts early in the morning on a weekend; you need to arrive in advance in order to register and give away all the electronic devices that you have with you. You can take only water to the audience - in a transparent bottle and without labels. Pencils and erasers are provided by examiners.

How is the exam scored?

The scale is divided into 4 grades:

Band 1

Band 2

Band 3

Band 4

Advantages of TKT Certificate

learn new methods of teaching English;

find out the difference between Kazakh and foreign teaching methods;

improve their qualifications

fill possible gaps in previous education, pay attention to those aspects that are not included in the methodology course in domestic universities or are not covered in depth enough;

the validity period of the certificate is not limited;

THANKS!
