Шаг 5

The screenshot displays the Adobe XD interface during a design process. The top toolbar includes icons for selection, pan, zoom, and other tools. The left sidebar shows a 'Layers' panel with 'Frame 2' selected and 'Frame 1' below it. The central canvas features a square frame labeled 'Frame 2' with a yellow vertical bar inside. A dimension label '200 x 200' is positioned at the bottom of the frame. The right sidebar contains the 'Design' panel with alignment and spacing tools, a notification for 'What's new in auto layout?', and a properties panel for the selected frame. The properties panel shows the frame's X (77), Y (-140), W (200), and H (200) coordinates, along with rotation (0°) and a checked 'Clip content' option. The bottom of the sidebar shows the 'Layer' panel with 'Pass through' and a 100% zoom level.

Шаг 6

The screenshot displays the Figma design tool interface. The top toolbar includes various tools like selection, lasso, rectangle, ellipse, text, and hand. The left sidebar shows the Layers panel with a hierarchy: Frame 3 (containing Rectangle 4, Rectangle 3, Rectangle 2, and Rectangle 1), Frame 2, and Frame 1. The main workspace shows three frames: Frame 2 with a yellow vertical bar, Frame 3 with a green 'X' mark, and Frame 1 (partially visible). The right sidebar shows the Design panel with various settings for the selected frame (Frame 3):

- Design, Prototype, Inspect tabs
- Alignment and spacing tools
- What's new in auto layout? (Learn more →)
- Frame settings: X: 330, Y: -140, W: 200, H: 200, Rotation: 0°, Corner: 0
- Clip content:
- Auto layout: New
- Layout grid: +
- Layer: Pass through, 100%
- Fill: +

Шаг 7

The screenshot displays the Figma design tool interface. The top toolbar includes various tools like selection, lasso, rectangle, ellipse, text, and zoom. The left sidebar shows the 'Layers' panel with a hierarchy of frames and rectangles. The main canvas shows two frames: Frame 3 with a green 'X' and Frame 4 with a blue asterisk. The right sidebar shows the 'Design' panel with alignment and layout tools, and the 'Frame' properties panel showing dimensions of 200x200.

- Pass through: 100%

Шаг 8

The image shows the Figma design tool interface during a design process. The top toolbar includes various tools like selection, lasso, rectangle, ellipse, text, hand, and comment. The left sidebar shows a layers panel with a hierarchy of frames and rectangles. The main canvas displays three frames: Frame 3 with a green 'X', Frame 4 with a blue asterisk, and Frame 5 with the blue asterisk and a red horizontal bar. A blue rectangle with dimensions 24x130 and a rotation of -45 degrees is being positioned over the bar. The right sidebar shows design properties for the selected rectangle, including position (X: 137.48, Y: 45.55), size (W: 24, H: 130), rotation (-45 degrees), and constraints (Left and Top).
