Шаг 5

The screenshot displays the Adobe XD workspace. At the top, a dark toolbar contains various tools like selection, pan, and zoom. On the left, a 'Layers' panel shows 'Frame 2' selected. The central canvas features a square frame labeled 'Frame 2' with a yellow vertical bar inside. A dimension label '200 x 200' is positioned below the frame. On the right, a 'Design' panel shows alignment and spacing tools, a notification for 'What's new in auto layout?', and a properties panel for the selected frame. The properties panel includes fields for X (77), Y (-140), W (200), H (200), rotation (0°), and a checked 'Clip content' option. Below this, there are sections for 'Auto layout', 'Layout grid', and 'Layer' with a 'Pass through' option and a 100% zoom level.

Шаг 6

The screenshot displays the Figma design tool interface. At the top, there is a toolbar with various tools like selection, lasso, rectangle, ellipse, text, and hand. The main workspace shows three frames: Frame 1 (bottom left), Frame 2 (top left), and Frame 3 (center right). Frame 3 is currently selected and contains a large green 'X' mark. A blue box at the bottom of Frame 3 indicates its dimensions as 200 x 200. The right sidebar shows the Design panel with various settings for the selected frame, including X (330), Y (-140), W (200), H (200), and a checked 'Clip content' option. The top right corner features a 'Share' button and a zoom level of 100%.

Шаг 7

The screenshot displays the Figma design tool interface. At the top, a dark toolbar contains various icons for selection, alignment, and zooming. Below the toolbar, the main workspace is divided into three sections: a left-hand 'Layers' panel, a central design canvas, and a right-hand 'Design' and 'Properties' panel.

Layers Panel: Lists the hierarchy of elements. It shows four frames: Frame 4 (selected), Frame 3, Frame 2, and Frame 1. Frame 4 contains four rectangles, with the top one being the green 'X' shape. Frame 3 contains three rectangles, with the top one being the blue star-like shape.

Design Canvas: Shows two frames side-by-side. Frame 3 (left) contains a green 'X' shape. Frame 4 (right) contains a blue star-like shape. Frame 4 is currently selected, indicated by a blue border and a '200 x 200' dimension label at the bottom.

Design Panel (Right Sidebar): Contains various alignment and layout tools. The 'Frame' properties section is expanded, showing the following details:

- Frame: [Frame icon] [Frame icon] [Frame icon]
- X: 589, Y: -140
- W: 200, H: 200
- Rotation: 0°, Corner: 0

Шаг 8

The screenshot displays the Figma design tool interface. At the top, a dark toolbar contains various icons for selection, alignment, and zooming. On the right side of the toolbar, there is a 'Share' button and a zoom level indicator set to 100%. Below the toolbar, the main workspace is divided into three frames: Frame 3, Frame 4, and Frame 5. Frame 3 shows a green 'X' shape. Frame 4 shows a blue asterisk-like shape. Frame 5 shows a red horizontal bar overlaid on the blue asterisk, with a blue selection box and a '24 x 130' dimension label. The left sidebar shows a 'Layers' panel with a list of frames and rectangles. The right sidebar contains a 'Design' panel with alignment and text tools, a 'What's new in auto layout?' notification, a 'Constraints' panel with 'Left' and 'Top' constraints, and a 'Layer' panel with a 'Pass through' option.
