

Journey in the museum

1. Our selection of painting

We must choose one picture. This picture must be a portrait. So we have chosen a portrait of Peter the third. I like this picture because I like a history of Russia and Russian emperors.

2. Description of the picture.

This portrait is on the knee portrait. Peter 3 is staying in the middle of the picture. Order, crown and scepter in the down left corner is showing that he is emperor.

Some sort of battle is painting
on the right side of the picture.
Peter 3 liked military training.
Maybe this battle is the kind of
it.
