

# GENERATION OF THE 21ST CENTURY

Things that recently was new and  
unknown, today are irrelevant

We conquer space, but not only near-Earth space. We send our research mini-stations to Mars, we explore Saturn, Jupiter and Titanium.

Human explore ocean floor with newest technologies and million peoples can watch it online on the internet. Global web became the comprehensive space , which united all of people and things in the world.

People from different parts of The world communicate effectively in real time . The can exchange photos, music and opinions, discuss some problems.

They literally live in the internet. They have an internet friends, internet love and their emotions they express with emojis.

The youth doesn't go outside without their devices . Eve if they are hanging out with their friends, and may have a really good time. But they prefer to bury in screen and laugh at videos with cats.

# What is the culture of the 21st century

## MUSIC

R'n'B

Pop-music

K-POP music

Hip-Hop

Rave- music

It's very difficult to choose more popular genre of music, because our generation have very diverse interests, that's why we have so much different musicians and songs.

But it's not only about music, it's about fashion and movies and literature too.

# Fashion

Fashion of the 21th century is the violation of the rules and trends, which was established at the past times. It is the style from mixing some other styles.

# What hobbies does our generation have?

Except traditional hobby like drawing, dancing, sport there appears one more interesting hobby – blogging .

A blog is a frequently updated online personal journal or diary. It is a place to express yourself to the world. A place to share your thoughts and your passions. Really, it's anything you want it to be. For our purposes we'll say that a blog is your own website that you are going to update on an ongoing basis. Blog is a short form for the word weblog and the two words are used interchangeably.

A **video blog** or **video log**, usually shortened to **vlog** is a form of blog for which the medium is video, and is a form of web television. Vlog entries often combine embedded video (or a video link) with supporting text, images, and other metadata. Entries can be recorded in one take or cut into multiple parts. The vlog category is popular on YouTube.

It's very popular and developing field of activity in our times.

*Zoella*

*Eldar Dzharahov*

Of course we can't reflect on interests of our generation, because we all are part of these generation, and we got our personal opinion about all of things about we spoke before. But we tried to tell you about things which are around us every day.

That's all! Thank you for attention. :)
