

The background is a deep blue gradient with a subtle pattern of white stars. Overlaid on this are several faint, white, semi-transparent circular and arc-like patterns. Some of these patterns include tick marks and numbers, resembling a celestial map or a stylized clock face. The numbers visible include 140, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, and 260. There are also curved arrows indicating a path or direction.

Explore a new  
planet

- The name of our team - the Dream.
- We have found a new planet. It is unusual for her growing crystal. I after we called her "Crystal Planet". From the height, it looks very original, shimmering rainbow colors. The soil is not it is not the same as on Earth. The soil is like fine crystal. She herself was rather big, but not the size of Earth. Where nothing grows but crystals. In general, it is not like our planet Earth. All her unusual, exotic.

# GOALS:

- 1) To find out whether there are conditions for living beings;
- 2) Learn the difference between this planet from the Earth.

- We found that on this planet there is no condition for living beings, because there is no water. A life without water is impossible. The planet is characterized in that the crystals grow on it.
