

TWENTY ØNE PILØTS

Twenty One Pilots - American Duo from Columbus, Ohio. The band was formed in 2009 and now consists of Tyler Joseph and Josh Dan.

They have their own logo. Also they make up stories for every new album.

A dark, moody photograph of two men standing side-by-side. The man on the left is wearing a black beanie and a dark t-shirt with a yellow diagonal stripe. The man on the right is wearing a camouflage jacket with yellow accents. In the background, a drum set is visible, suggesting a musical or performance context. The overall tone is gritty and urban.

THE STYLE ØF THE BAND

The style of the band is minimalism and street style. It changes with every new album.

This band use special letters (“Ø”) at the title.

Stroke, smear, disgrace, tropics
