# CONANdrum: a barbarian versus a fashionista

Congratulations! You have found them all!

A Balenciaga hat is decorating this Conan's head

The lamps here are with light

This guard has a lollipop instead of a weapon

The crown is stylish here

His eyes are green

There is a picture of a skull

What a fashionable beard!

His hair is of a different color

That's a more fashionable necklace

This Conan loves his mum very much

There is an inscription here

This Conan has stylish black trousers

The belt looks too modern

This green bracelet is not of barbarian style
