Russia is washed by 13 seas.

Tetris was
created by
Russian
programmer
Alexey Pajitnov
in 1985.

A photograph of a modern subway station. The ceiling is a vibrant blue with several concentric circular white light fixtures. The walls are grey, and a large circular metallic structure is visible on the left. A train with blue and orange stripes is stopped at the platform on the right. A person in a red jacket is walking in the distance. The floor is polished and reflects the lights.

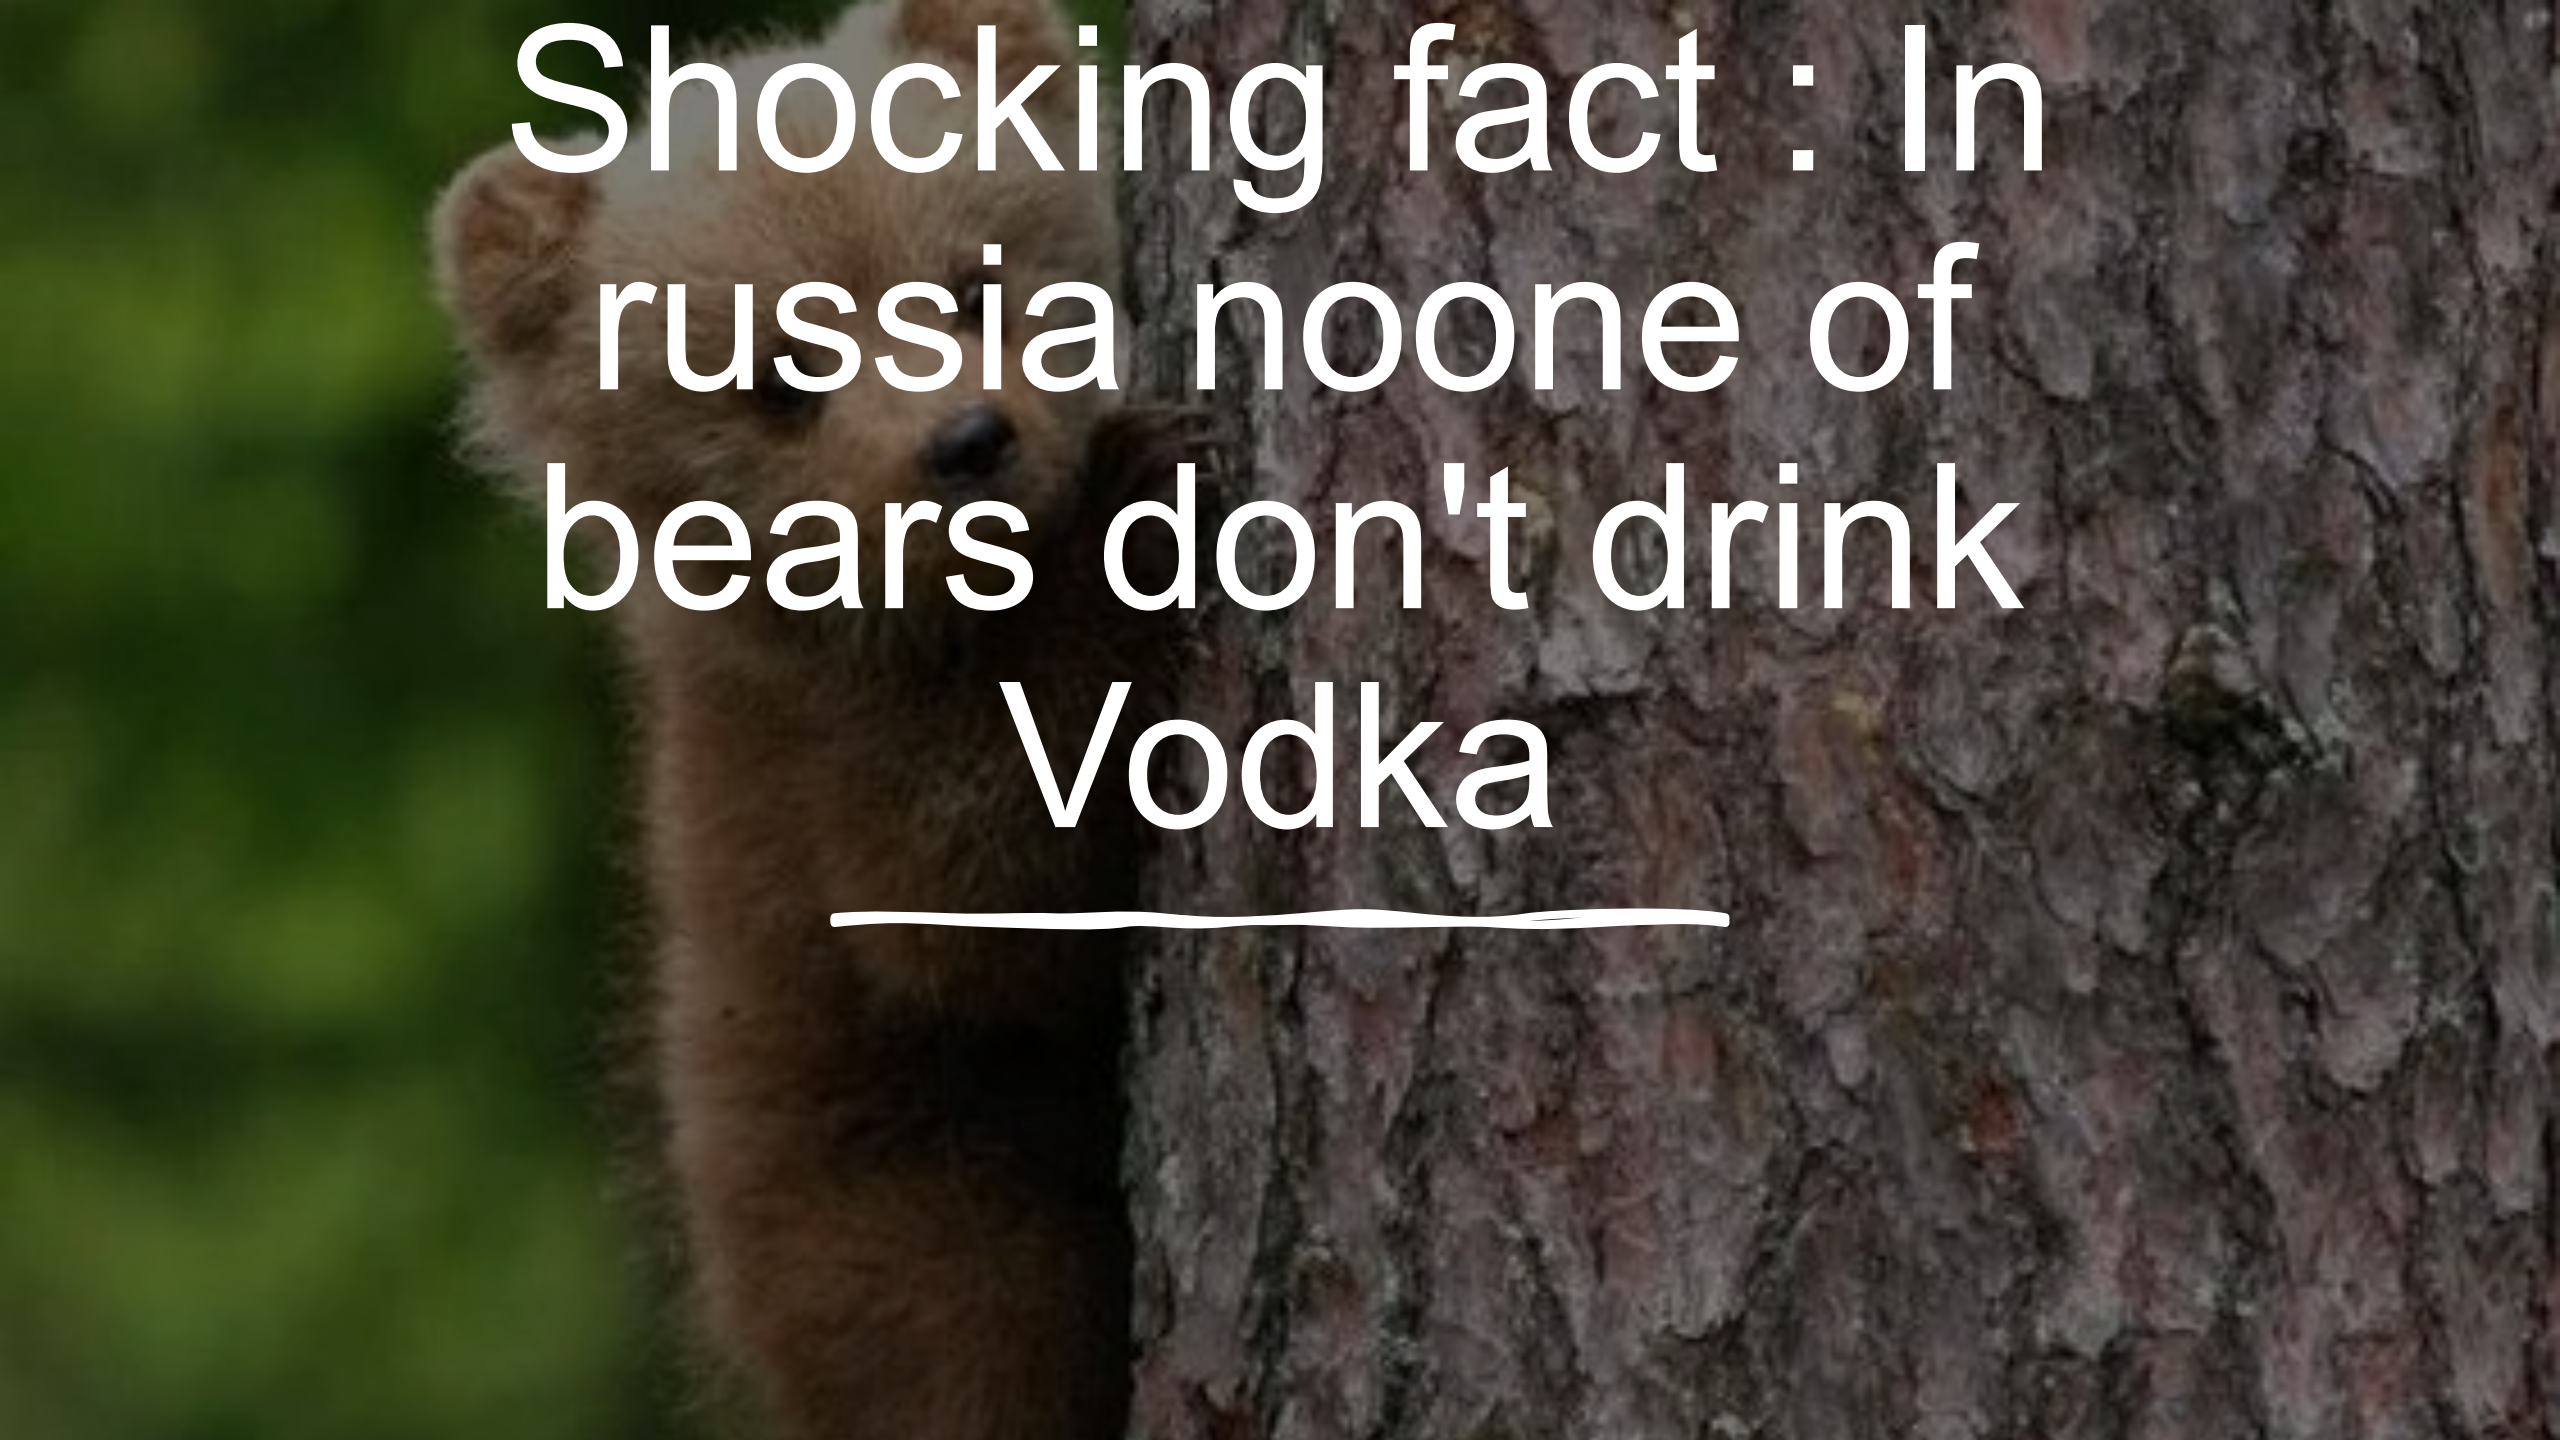

In Russia, the deepest metro is
on average 100 meters

On average, Russians sleep about 9 hours a day

At the Novosibirsk
Institute of Genetics
there is a large mouse
knitting DNA.

A brown bear is climbing a tree trunk. The bear's head and front paws are visible on the left side of the frame, clinging to the bark. The tree trunk is covered in rough, dark brown bark. The background is a blurred green, suggesting a forest setting.

Shocking fact : In
russia noone of
bears don't drink
Vodka

Thanks
