

HITCH

BEAT THE
HIGHLY EFFECTIVE LIFTING
EQUIPMENT
GRAVITY

EFFECTIVE SOLUTION FOR THE HARDEST WORK

Hitchlifting Inc. develops and manufactures the most durable and safe industrial equipment for lifting loads, including for use in harsh and hazardous conditions. We have implemented SMART Protection System technology, applying carbon coating on parts which are wear-prone. As a result, our tools are one of the best representatives of their mechanical class.

THE MAIN EMPHASIS — ON QUALITY AND FUNCTIONALITY

Hitchlifting Inc. products are certified according to international standards and standards adopted in the United States. A variety of applied safety features and the high quality of the equipment in conjunction with ANSI/ASME certification guarantee the longevity of its operation and its reliability.

The company's mission is to find optimal solutions to solve lifting tasks. The main objective is to guarantee purchasers efficacy, safety, versatility and reliability of equipment for lifting and handling.

**LIFETIME
WARRANTY**

Lifetime warranty applies for accessories of HITCH Professional hoisters, provided that operation conditions are complied with. The accessories covered by lifetime warranty are subject to replacement within unlimited period of time if they have a manufacturing defect, a defect due to faulty raw materials or violation of manufacturing technology. The replacement is carried out by manufacturer or its authorized representative based on results of technical examination, carried out after customer's complaint.
