ALL OUR PRODUCTS ARE SPECIFICALLY MADE FOR MEN

ADD as first sentence: 'All our products are specifically developed, tested and proven to be effective for male hair removal.'

Male hair tends to be coarser than female hair. The roots are often stronger and deeper. For optimal results and usage experience always use products specifically developed for men!

HAIR REMOVAL CREAM

The Intimate Hair Removal Cream is our most gentle, yet effective option. This product is for you guys who want a solution that works on sensitive areas like your groin, balls and buttocks. It's a fantastic hair removal option with no risk of cuts! On top, it lasts longer and gives less ingrown hairs compared to shaving. The intimate hair removal cream contains soothing ingredients and has a proven 24-hour hydration effect. **Watch out:** the time needed for the product to be effective is different depending on the body part. The thin hairs on your balls will need less time than the coarse hair on your groin. Experiment to find the right time for each body part.

IT DOESN'T HAVE HAIR REMOVAL METHODS TO BE THIS DIFFICULT

Hair removal has been done for centuries for a wide variety of reasons. Today, there exist **five** main methods of in home hair removal.
