In some schools, pupils have to wear school uniforms. Many people believe that this is a good idea. It is much easier for parents, because they don't have to think about what their children should wear to school. It is also easier for the pupils themselves, because they do not have to spend time deciding what to wear each morning. Usually, children take ten minutes longer to get dressed when they do not have uniforms. It is also easier for families that have less money and can't buy expensive clothes.
