Do you always listen in class?

Read about **Tilly Smith** and a lesson that helped lots of people.

In December 2004, Tilly Smith was in Phuket with her mum and dad. It was her first holiday in Thailand and the family was very happy. On December 26th they were on Mai Khao beach when the sea disappeared. It was strange and people walked to the sea and watched. Tilly watched too, but she wasn't happy. She remembered a geography lesson at school. In the lesson they studied tsunamis. Tsunamis are very big, dangerous waves. Before they crash on the beach, the sea disappears. Tilly shouted. People stopped and listened. They hurried from the beach.

Then, the tsunami arrived. It was a tragedy for lots of people in Asia, but the people on Mai Khao beach were safe.
