defines racism to be "the belief that a particular race is superior or inferior to
person's social and moral traits are predetermined by his or her inborn biological
s." Racism is not just labeled to one group but two different
nicities can have racism among themselves. Racism can also be provoked
individuals. It can also be due to skin color, background, sex, language, birth places, or even
atoms. Racism can influence many things like slavery or the formation of countries and
s. The belief of inferiority was not this automatic creation. Not all skin types or colorings
originally considered inferior. Many years ago the Portuguese discovered how much mo
anced Africans than themselves. An important feature of race is that how on...

- 1 Your class has attended a panel discussion on facilities which should receive money from local authorities. You have made the notes below:

Which facilities should receive money from local authorities?

- museums
- sports centres
- public gardens

Some opinions expressed in the discussion:

"Museums aren't popular with everybody!"

"Sports centres mean healthier people."

"A town needs green spaces – parks are great for everybody."

Write an essay discussing **two** of the facilities in your notes. You should **explain which facility it is more important** for local authorities to give money to, **giving reasons** in support of your answer.

You may, if you wish, make use of the opinions expressed in the discussion, but you should use your own words as far as possible.
