Outline:

- ✓ Introduction
- ✓ Executive summary
- ✓ Mission
- ✓ Target audience
- ✓ SWOT

Introduction:

Google Street View is a technology featured in Google Maps and Google Earth that provides panoramic views from positions along many streets in the world. It was launched in 2007 in several cities in the United States, and has since expanded to include cities and rural areas worldwide.

EXECUTIVE SUMMARY:

Google Maps is a desktop web mapping service developed by Google. It offers satellite imagery, street maps, 360° panoramic views of streets (Street View), real-time traffic conditions (Google Traffic), and route planning for traveling by foot, car, bicycle (in beta), or public transportation.

The Google logo is displayed in its characteristic multi-colored font (blue, red, yellow, blue, green, red) on a white rectangular background.

MISSION:

The main mission of our proposition is to help to our residents and tourists, don't allow them to get lost and find out their goal.

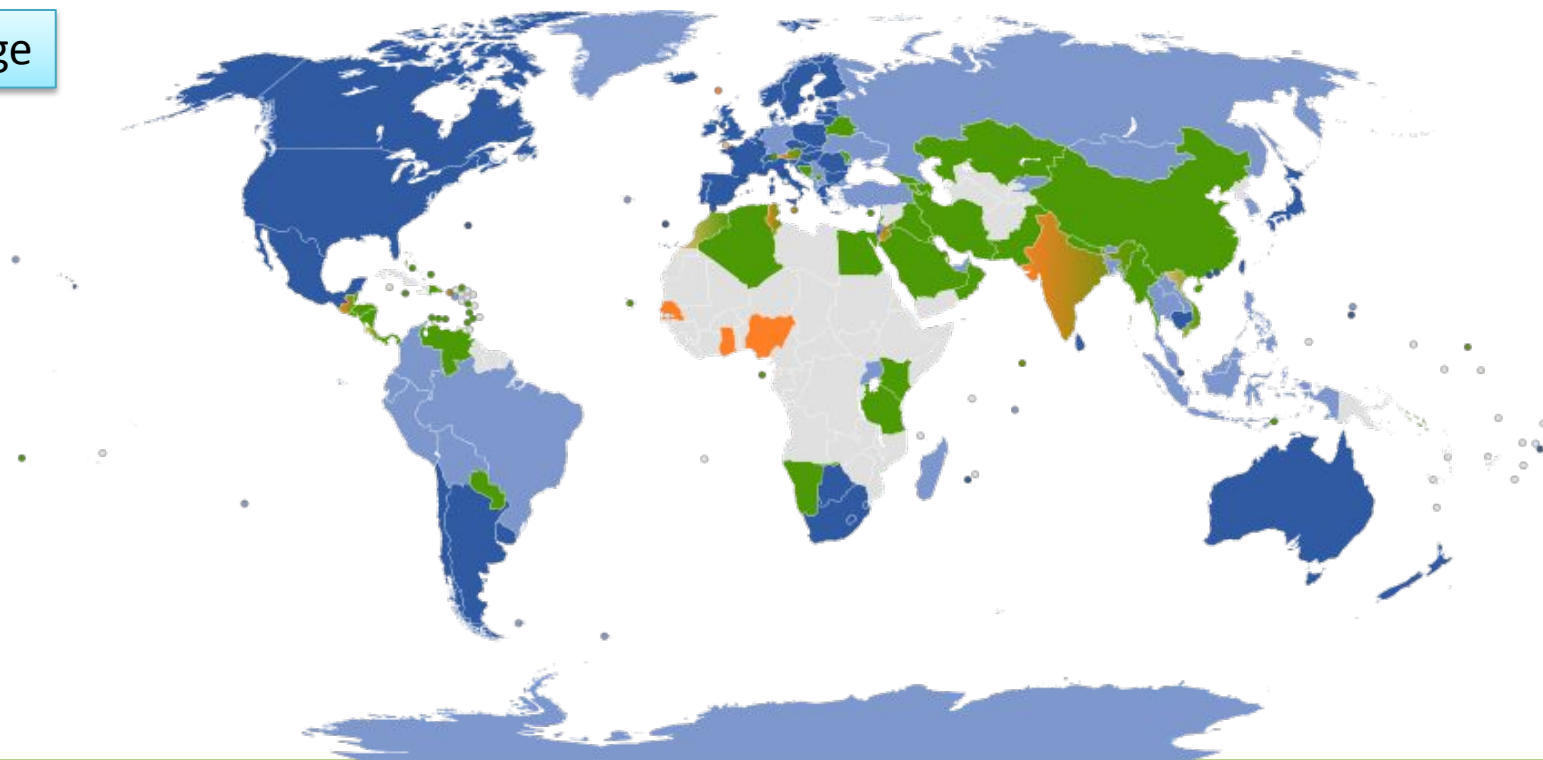

Target audience

- Tourists
