I live in the city of Nizhniy Tagil. It is the second largest city in the Sverdlovsk region, the largest industrial center of the Urals.

It was founded October 19, 1722

Uralvagonzavod

For many years it has been a leader in the domestic freight railway engineering. The company is known in the world as a manufacturer of armored vehicles. The birthday of Uralvagonzavod is October 11, 1936, when the first freight gondola cars rolled off its conveyor

Lisya mountain

is considered one of the business cards of Nizhny Tagil. At the top of the mountain there is a tower built in 1818. At one time, she served as a watchtower and fire tower, sometimes provided shelter for astronomers. The height of the mountain is 289 meters.

Local lore museum

the main and oldest museum of Nizhny Tagil, located on Lenin Avenue on the banks of the Tagil pond in the Leninsky district of the city, in the city center.

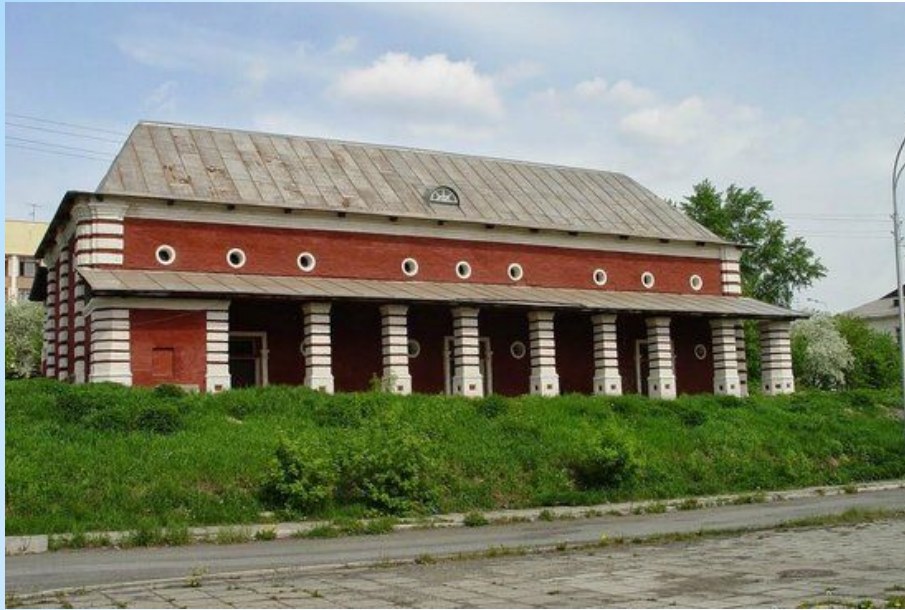

Museum Factory of History of Technology and Ferrous Metallurgy Development

was created in 1989 on the basis of the Nizhniy Tagil Metallurgical Plant named after I. V.V. Kuibyshev. Founded in 1725 by the breeders Demidovs, the Nizhniy Tagil iron-smelting and iron-making plant was the most advanced in the Urals in terms of technical equipment.

Nizhny Tagil Park of Culture and Leisure

was founded at the beginning of the 19th century by breeders Demidov. In 1947, the city park was renamed in honor of the Tagil writer A.P. Bondin. In the park, there is a house, and now the Bondin Memorial and Literary Museum.

Museum of Nature and Environmental Protection

The building of the Upper Provision Warehouse, which houses the Museum of Nature and Environmental Protection, is an architectural monument of regional significance.
