Good evening,
everyone! I'm
here, in the
Hotel Abaga,
in Gouzeripl.
Now we
know, that the
3 siblings and
their victim,
Princess, were
staying.

Locals say, the brothers are really good dragons.

They worked hard

And they had a hearty appetite.

**Nobody knows why they
committed this crime.**

**But we should say it's not
the first time when dragons
steal princesses.**

The case becomes even more complicated because of the weather conditions. Heavy rains and snowfalls aggravate the situation.

**Ms Lion, from FBI,
