

*My  
beautiful  
teacher!*

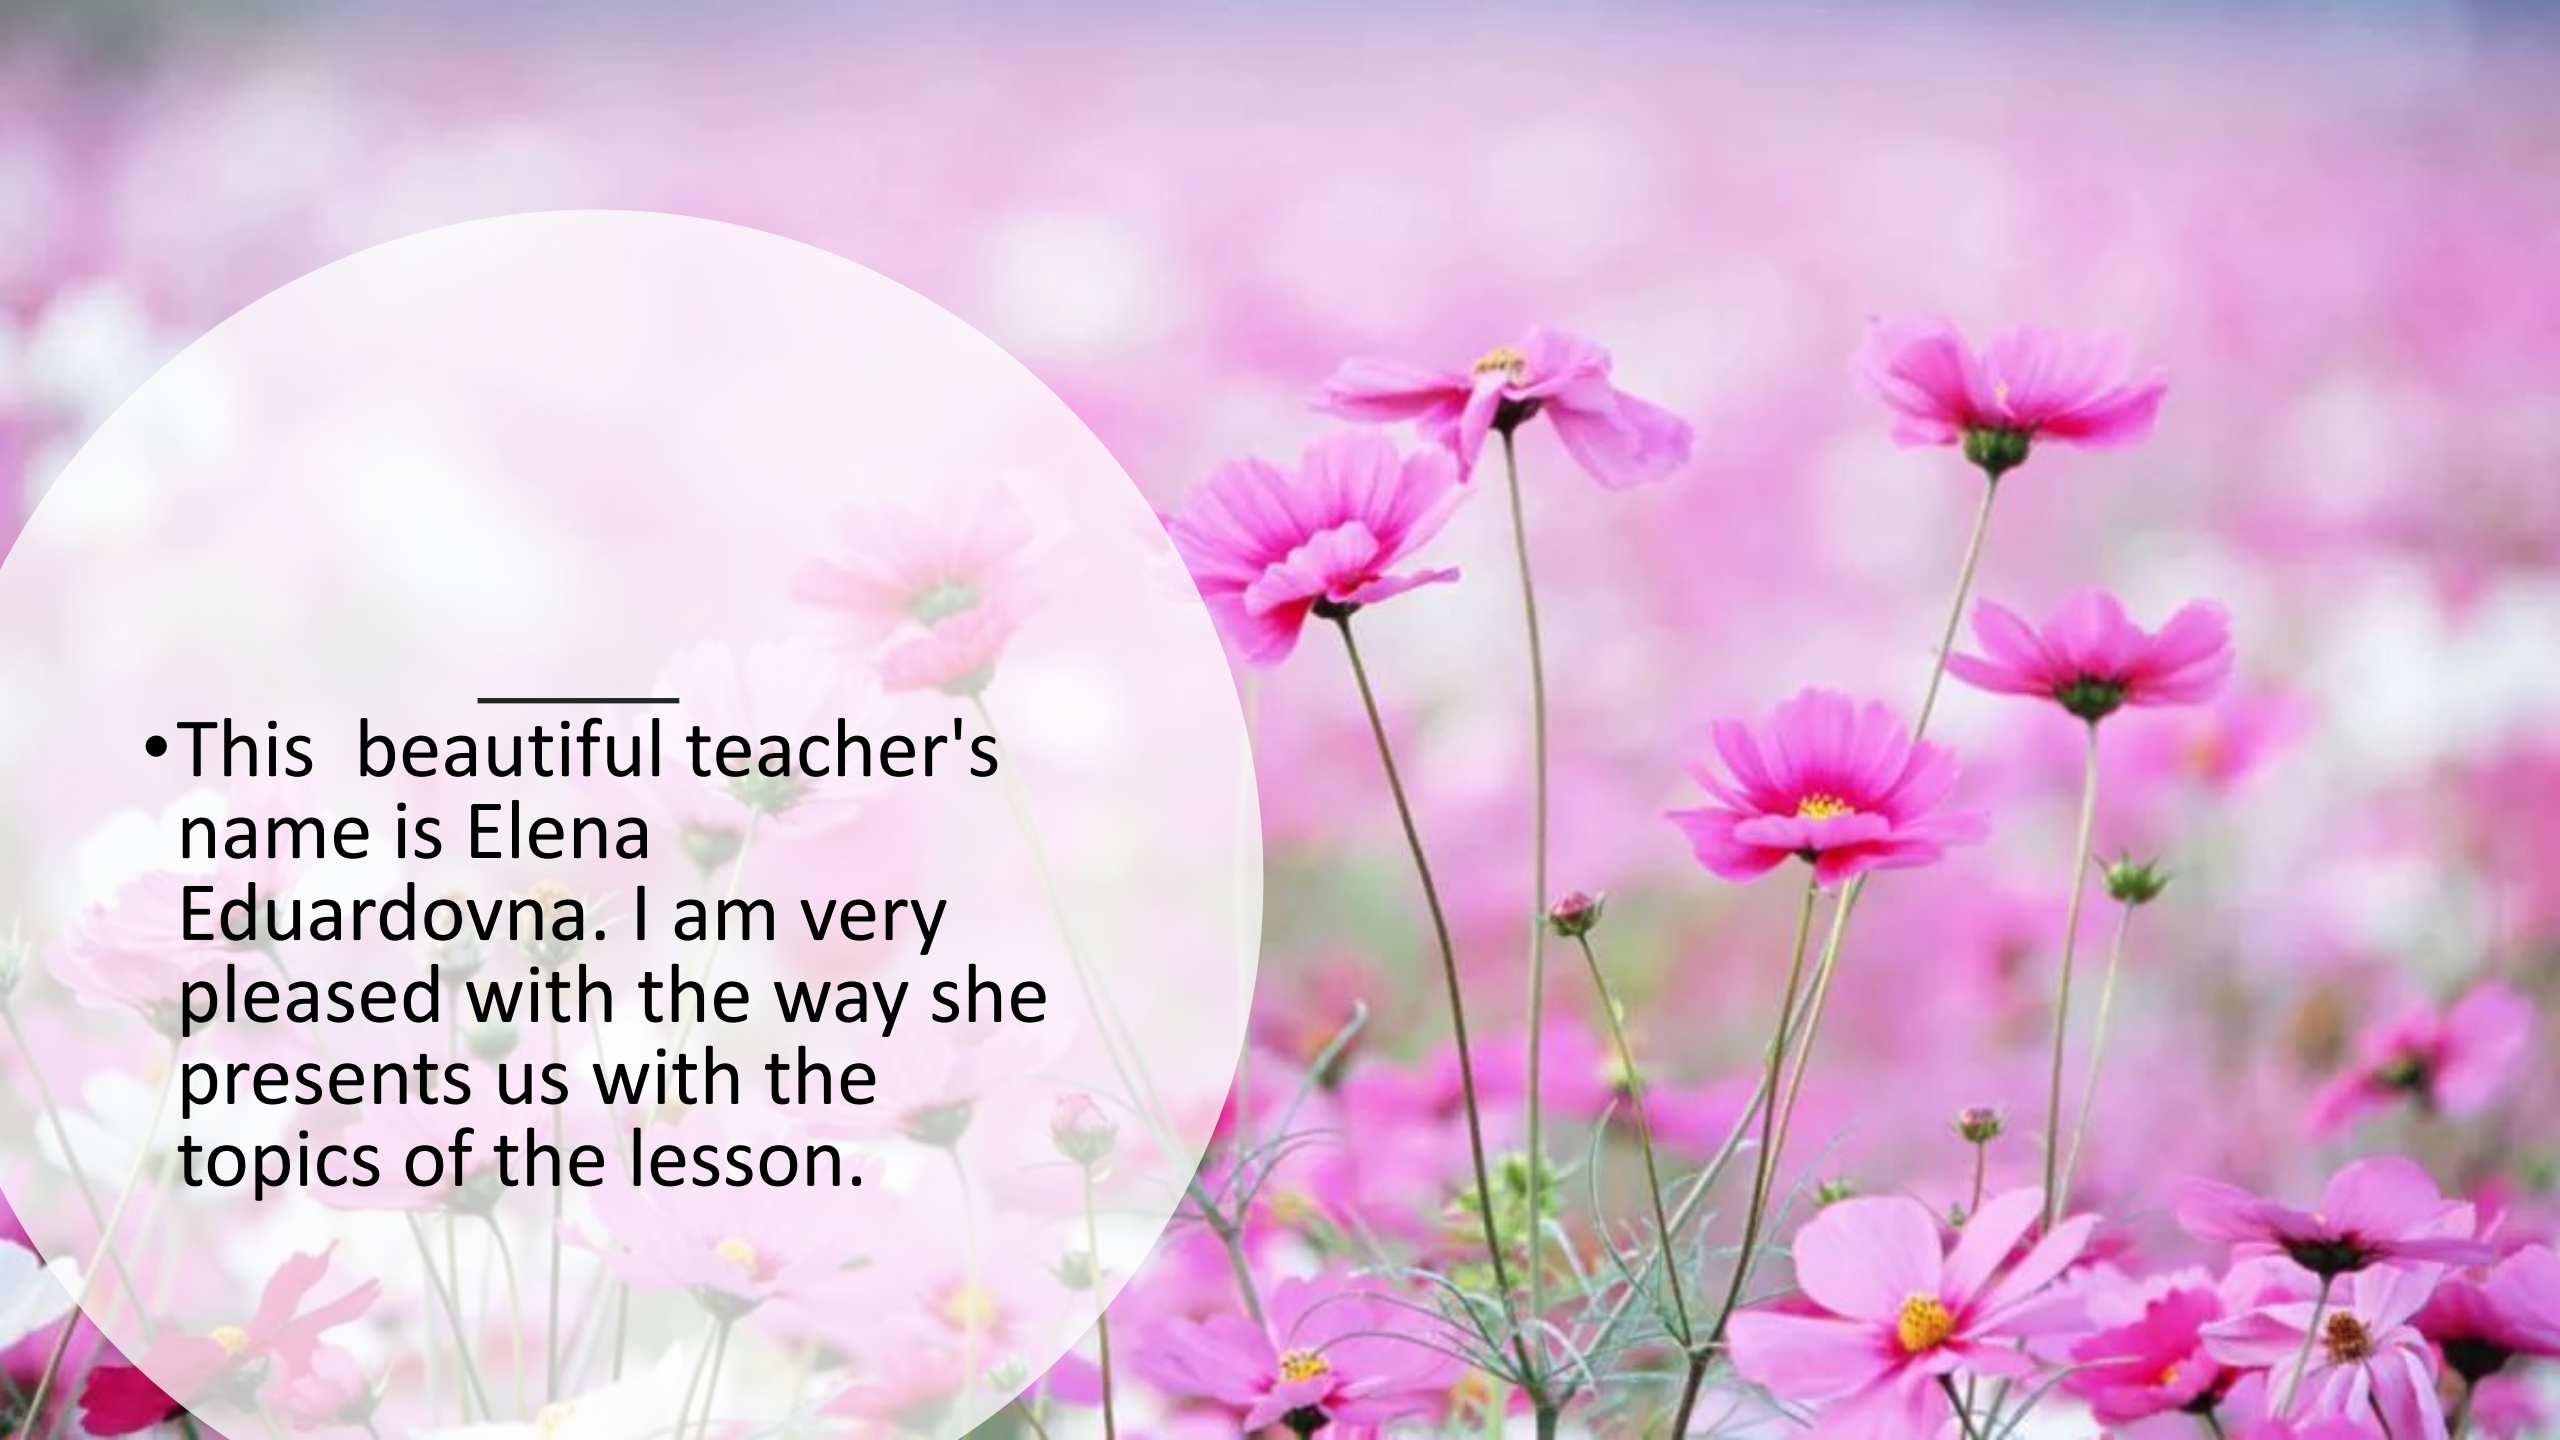

---

- This year I entered the university, which is located in St. Petersburg. One of the subjects that is studied there is English.
- Our group was given a teacher, who from the very first minutes ignited in us the desire to learn English.

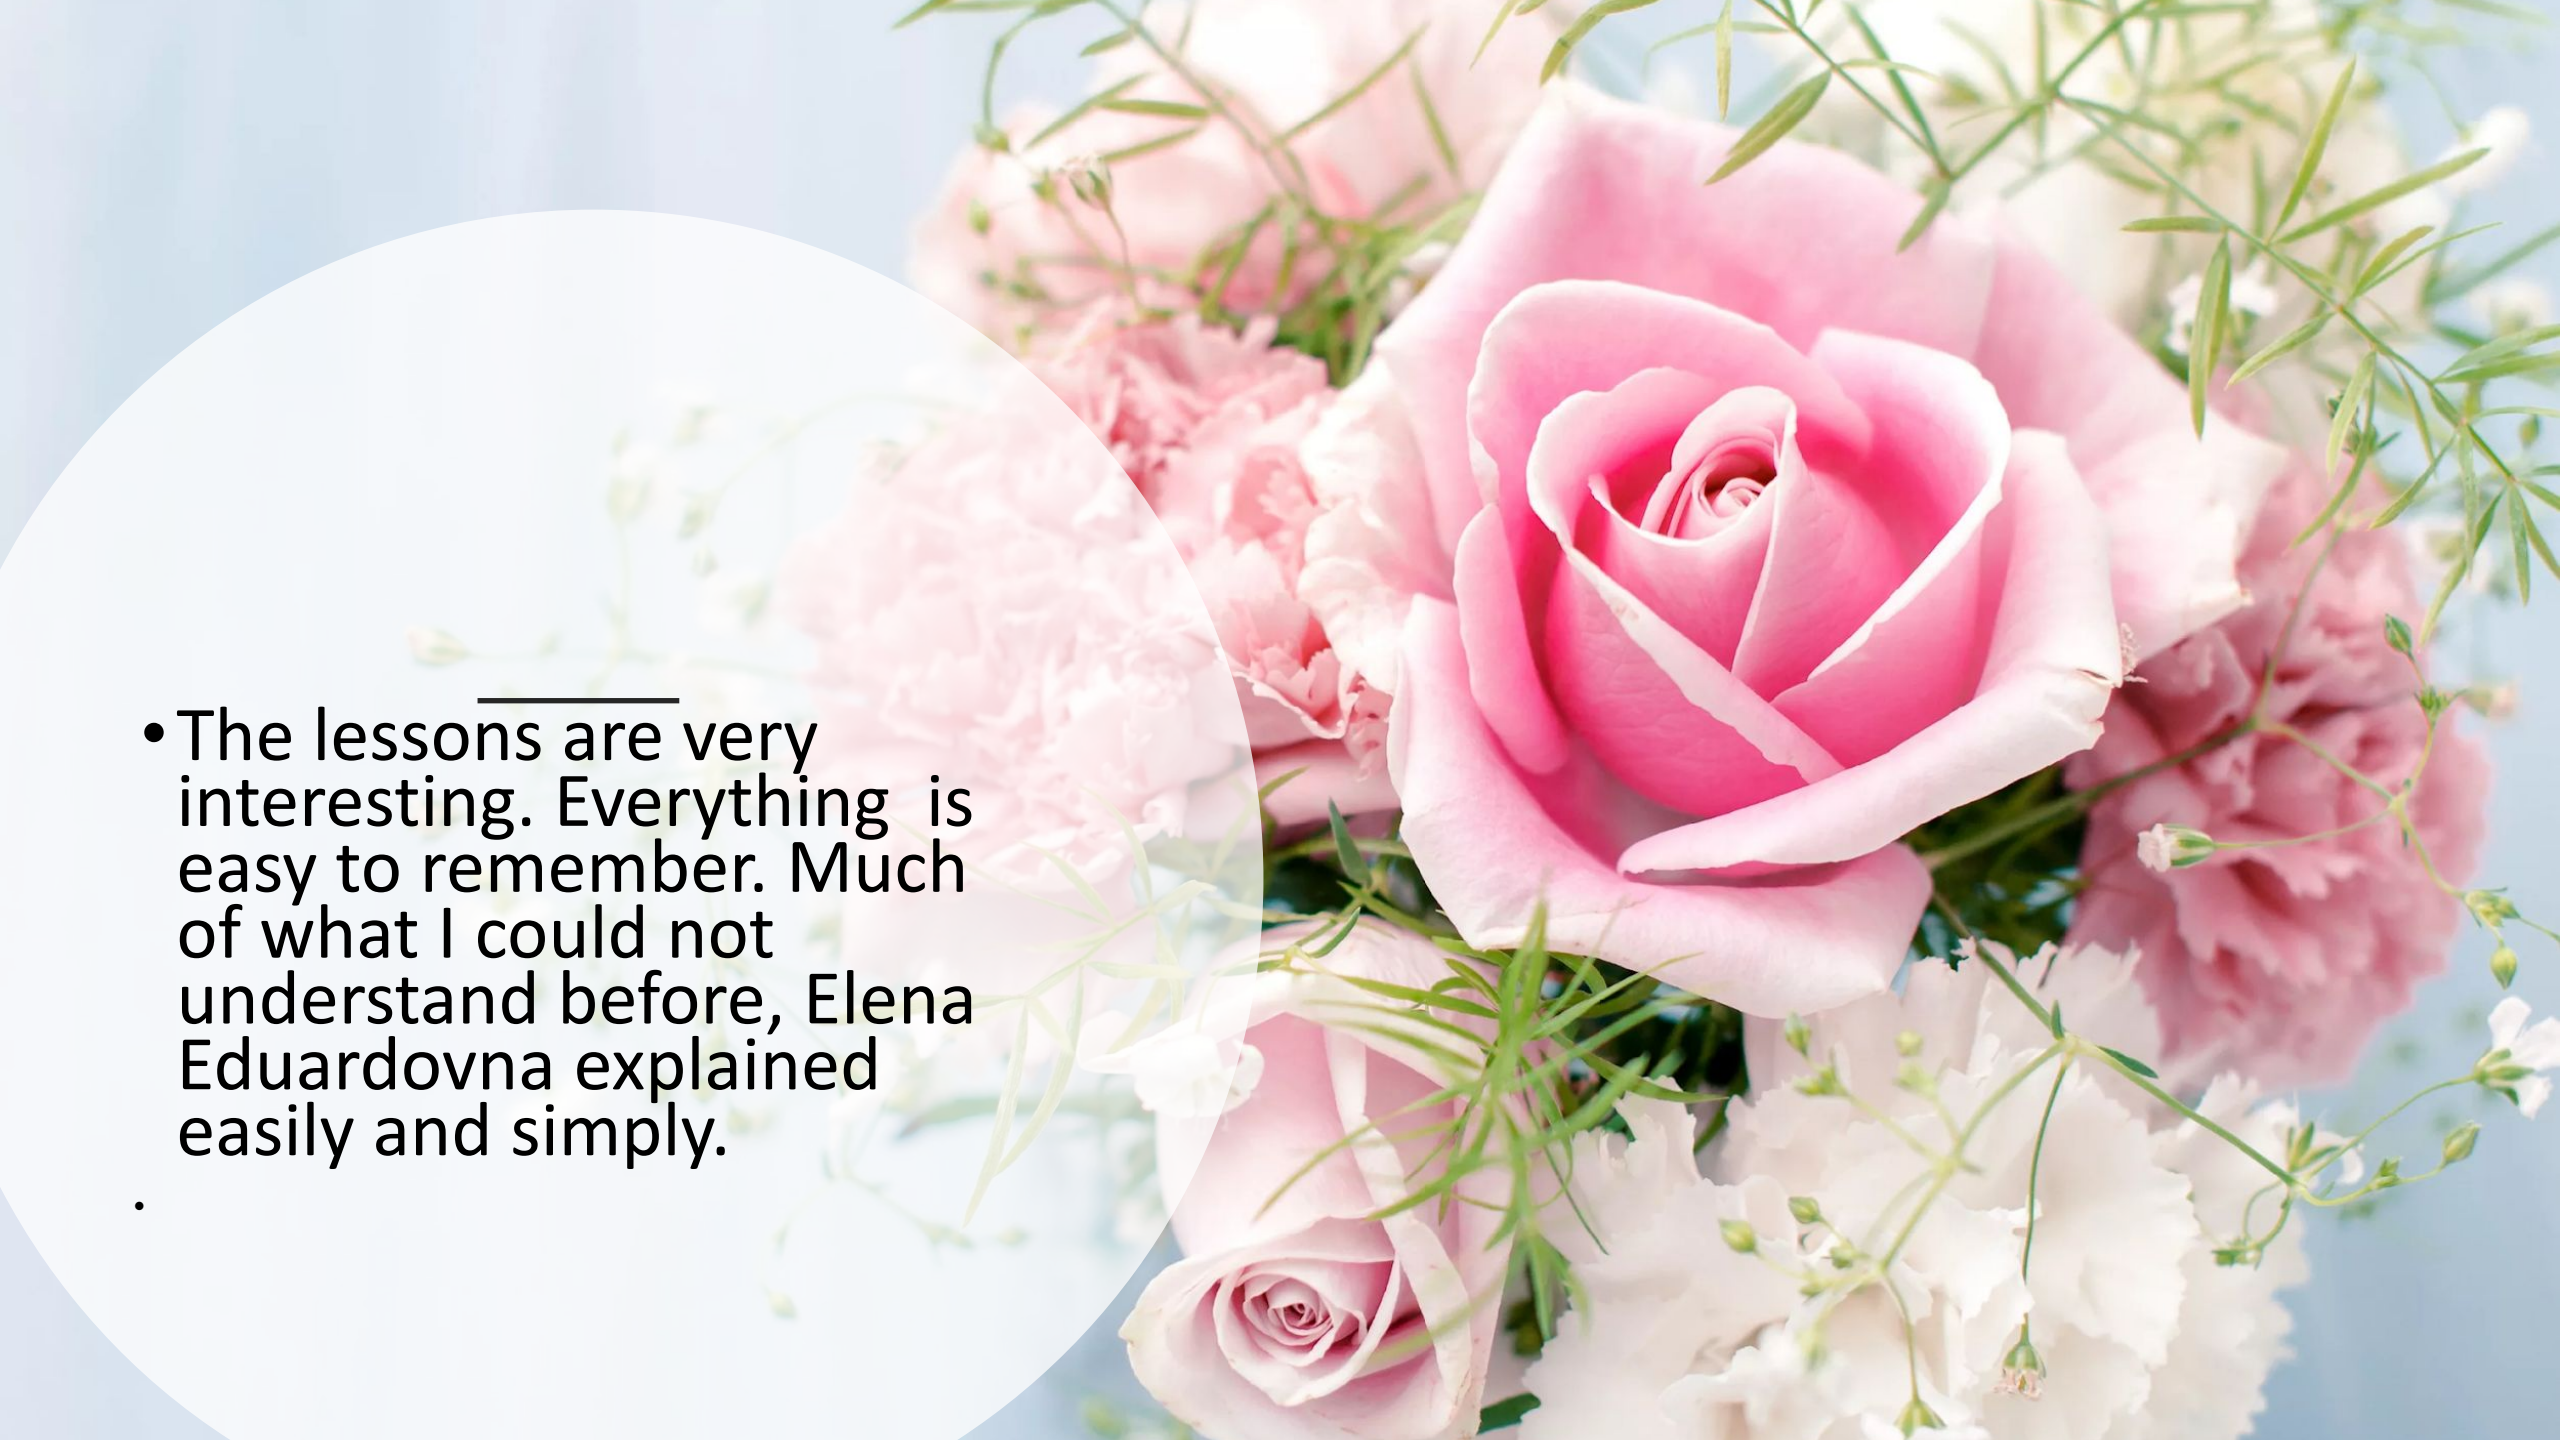

- 
- A background image of a field of pink cosmos flowers. The flowers are in various stages of bloom, with some in sharp focus and others blurred in the background. The overall color palette is soft pinks and purples.
- This beautiful teacher's name is Elena Eduardovna. I am very pleased with the way she presents us with the topics of the lesson.

- 
- Everything happens In a very sincere and calm atmosphere. But despite her kindness, she doesn't let us skip classes or do our homework. Everything is very strict here.

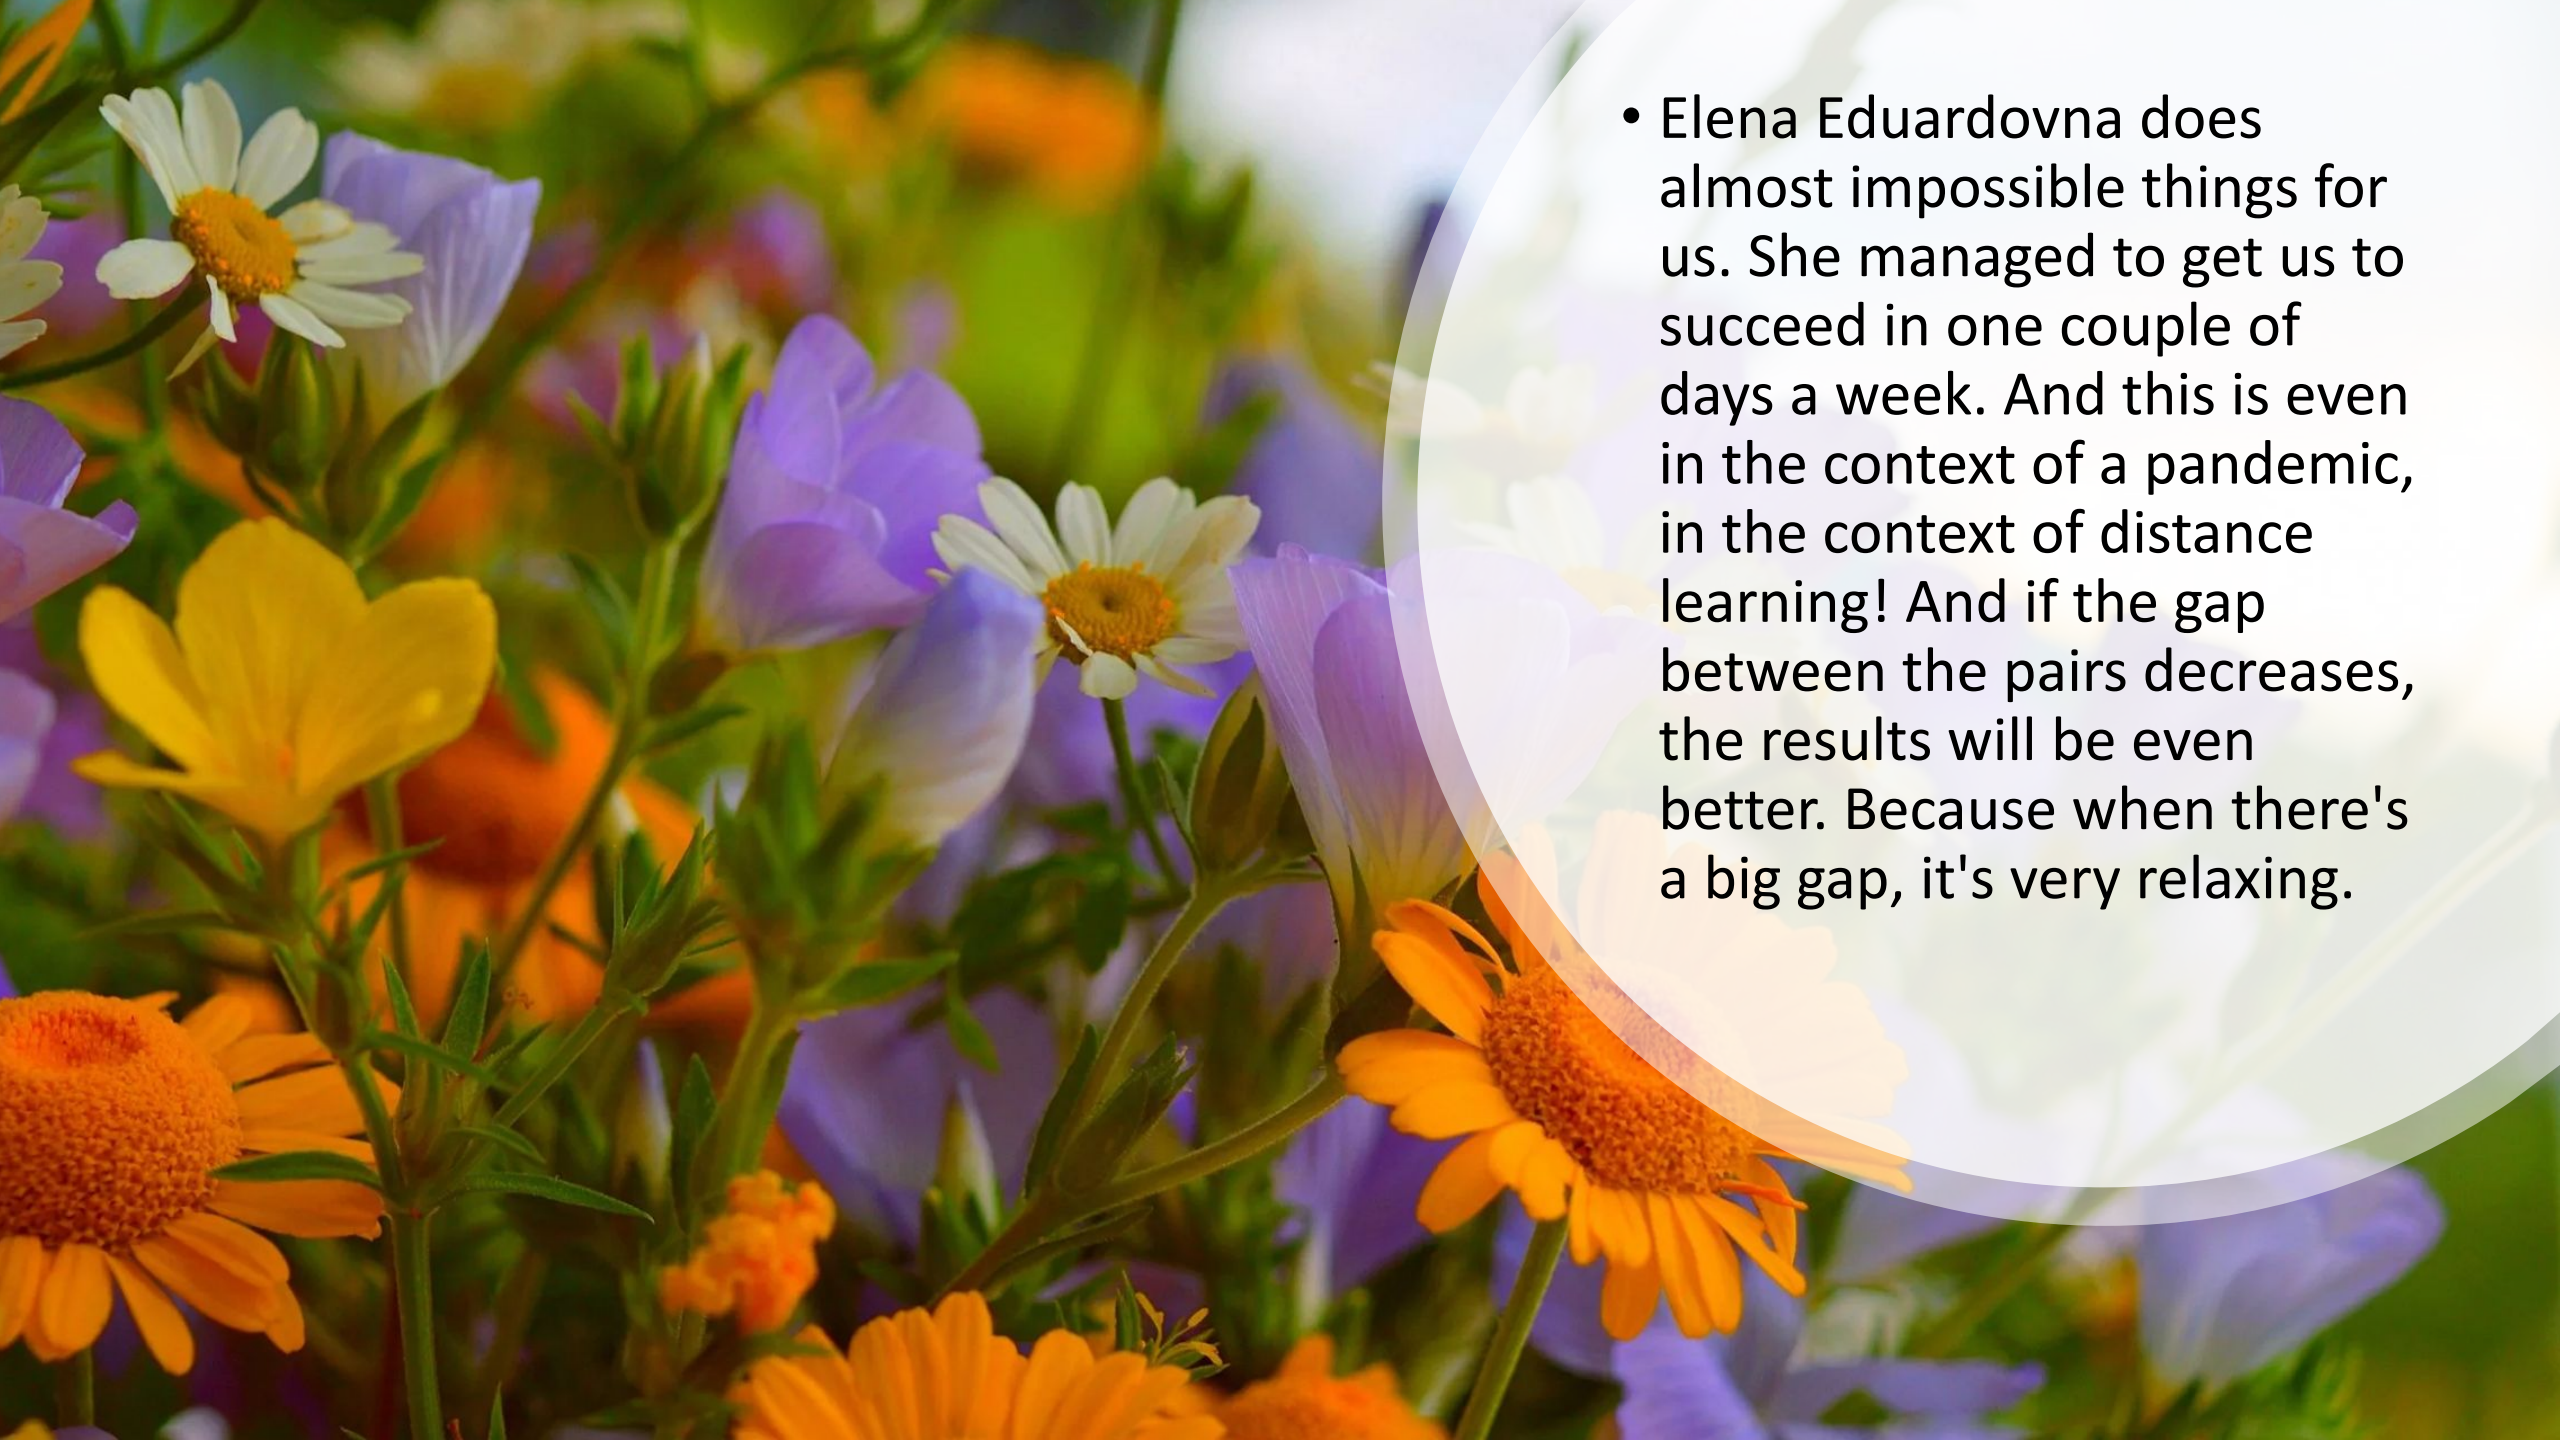

- 
- The lessons are very interesting. Everything is easy to remember. Much of what I could not understand before, Elena Eduardovna explained easily and simply.

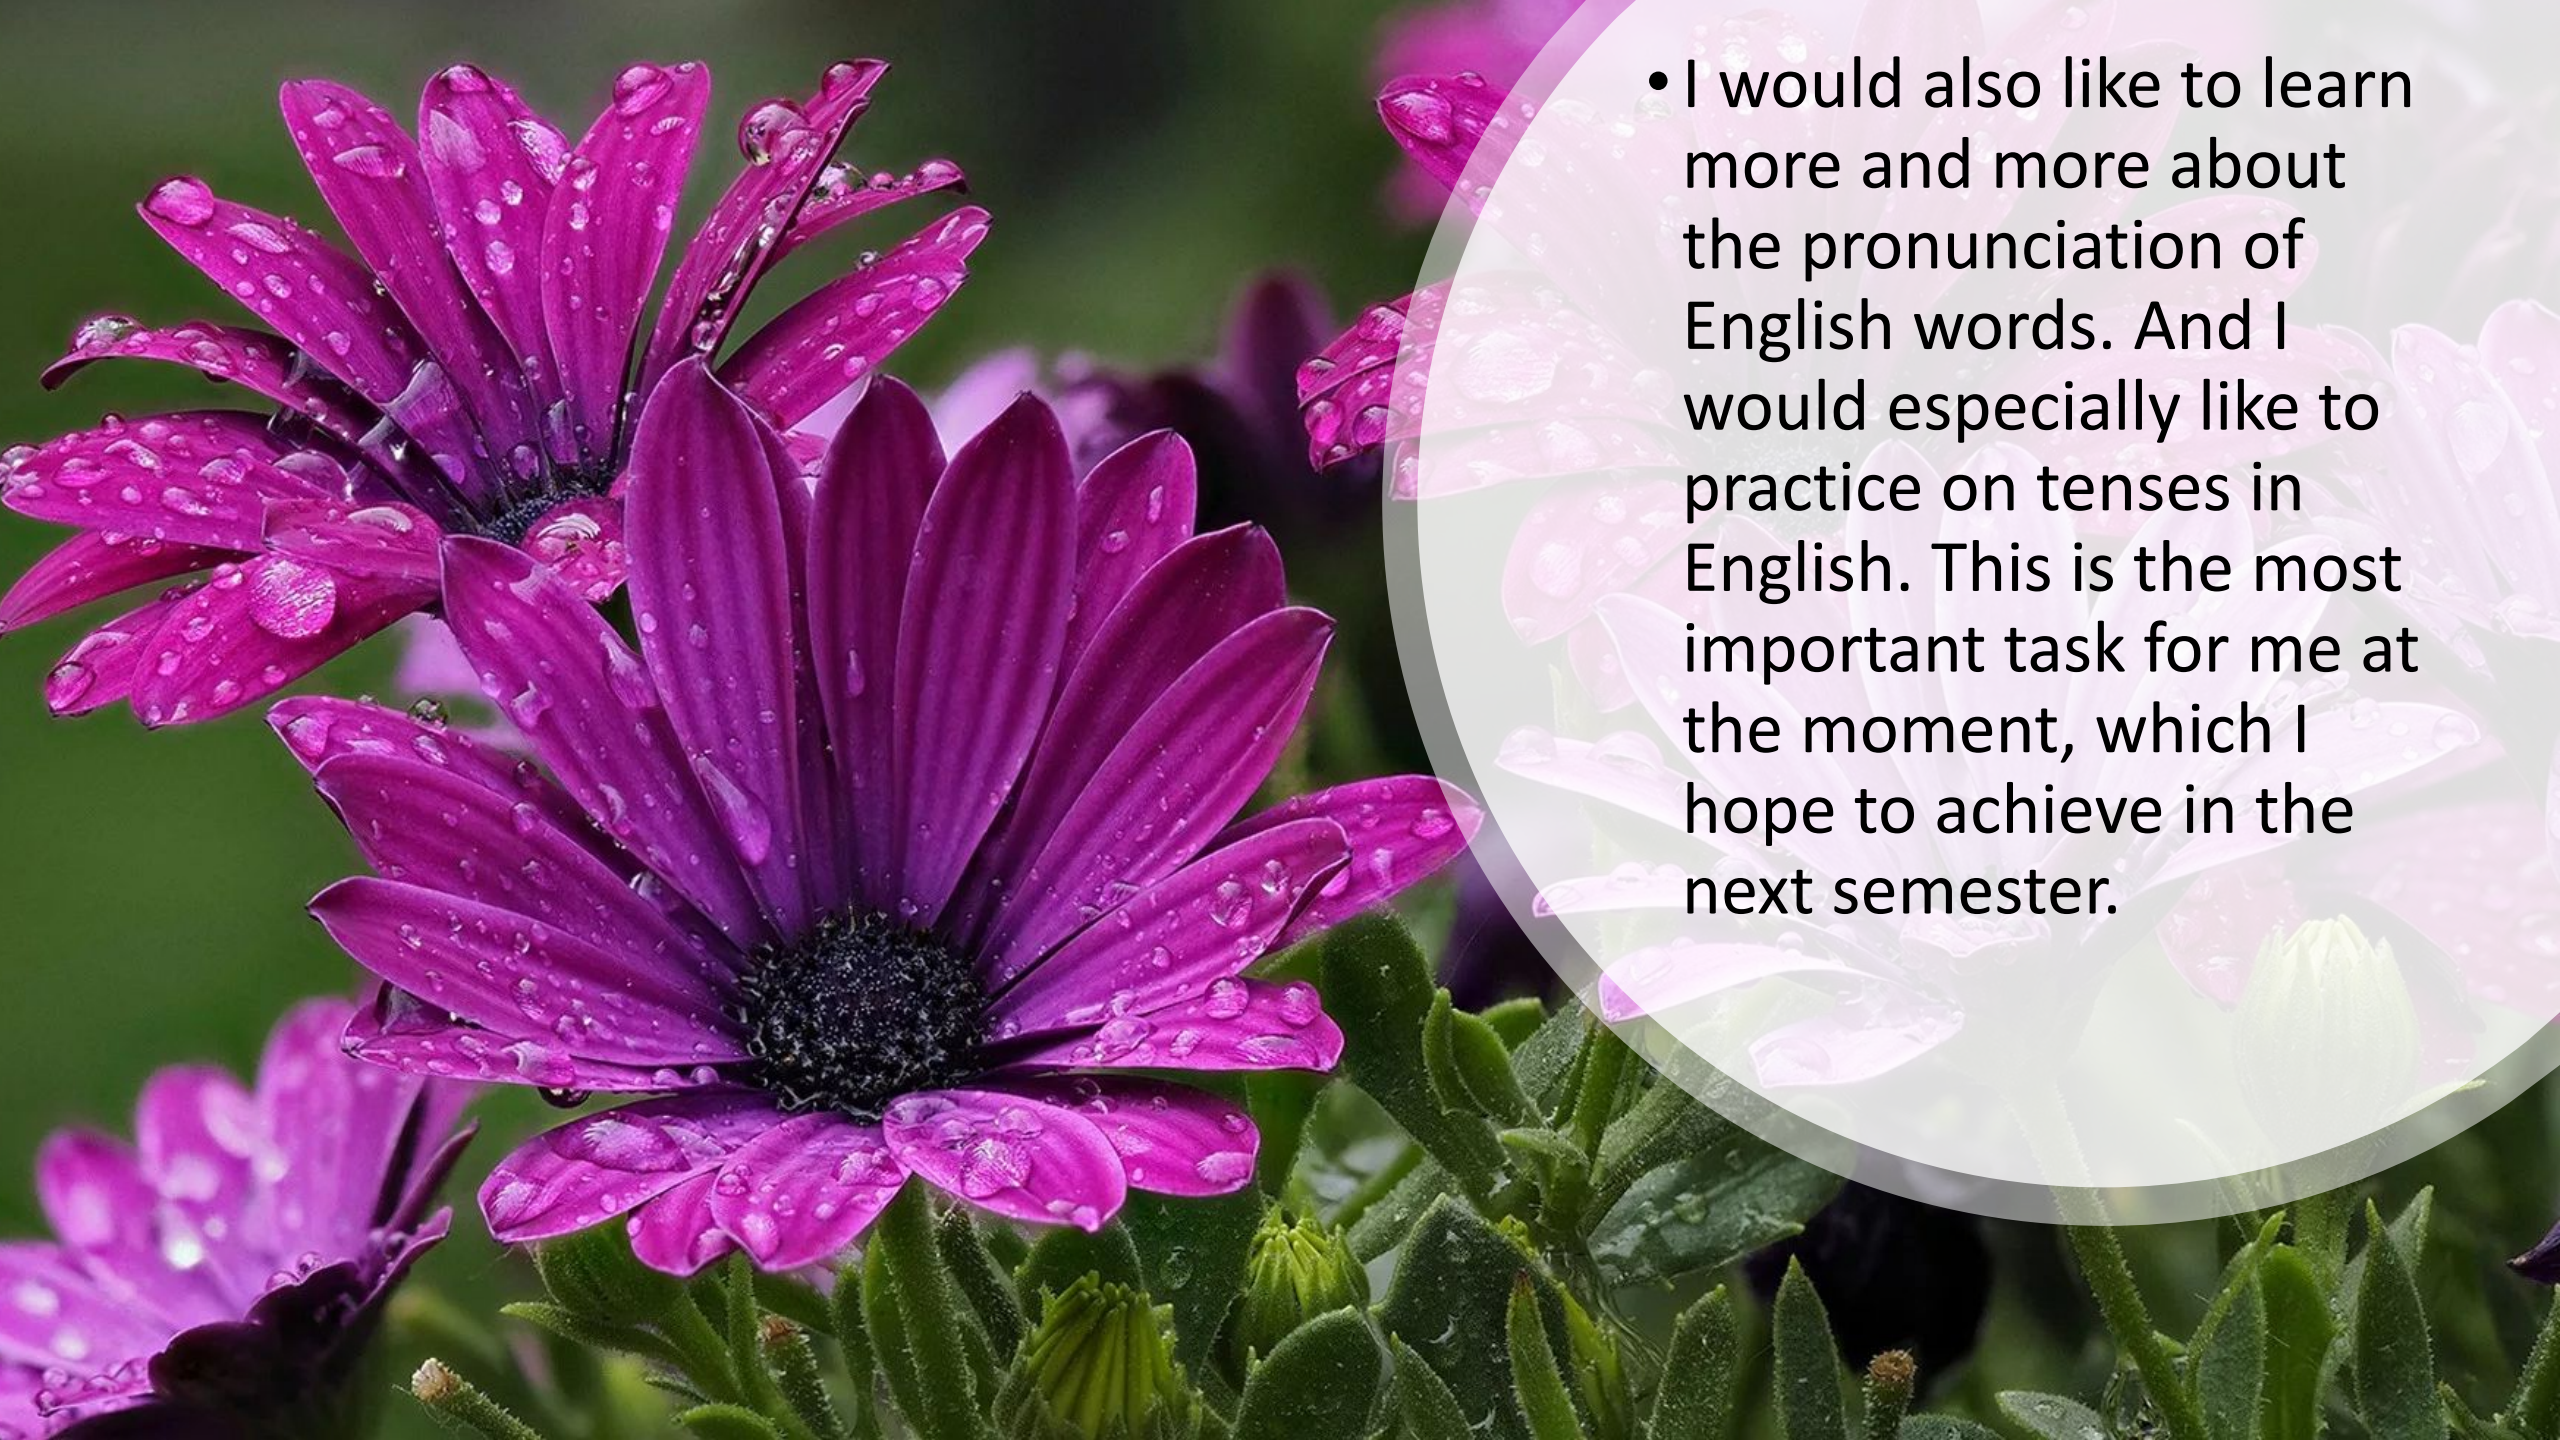

- Next semester, I would like to add hours of English to our class. This wish is due to the fact that we did not have enough communication with the teacher. So that we have lessons at least twice a week. Since we have a clear breakthrough in the knowledge of the English language.

- 
- Elena Eduardovna does almost impossible things for us. She managed to get us to succeed in one couple of days a week. And this is even in the context of a pandemic, in the context of distance learning! And if the gap between the pairs decreases, the results will be even better. Because when there's a big gap, it's very relaxing.

- I would also like to learn more and more about the pronunciation of English words. And I would especially like to practice on tenses in English. This is the most important task for me at the moment, which I hope to achieve in the next semester.

- Now I hope that  
with this beautiful  
teacher, we will  
finally speak  
English almost like  
our native  
language. For  
which I am very  
grateful to her  
and i wish her  
further success  
and happiness.

The background of the slide features a close-up photograph of forget-me-not flowers. On the left, several bright blue flowers with yellow centers are in sharp focus against a dark green background. On the right, a circular inset shows a cluster of white forget-me-not flowers, also with yellow centers, which are slightly out of focus. The overall composition is clean and aesthetically pleasing.

- Thanks for your attention!
