

What makes a good teacher?

How to be a good teacher?

- Teaching is like fishing...

We use different lures for different fish.

We use different methods for different learners.

- Teaching is like beautiful music...

When played along they make sound.

When played together in tune, rhythm they become amazing music.

Teaching is hard work,
because it is heart work.

What is a Teacher?

1. To a mind of flint, the teacher must be iron, and strike sparks. To the empty pitcher, the teacher becomes a well. To the fallow mind, a planter of seeds. To the cluttered mind, a gardener to weed, shape, and clear a space for growing.
2. To the lens, the teacher is light, and to the mind of light, a lens.
3. To the sleeper, the teacher is the wake-up call of birds at sunrise. To clay, the teacher is potter, sculptor, and trainer in self-shaping. To the wanderer, the teacher is a knowing guide. To the developed mind, the teacher is colleague, listener, friend.

Good tools do not make a good teacher,
but a good teacher makes a good use of
tools.

(Eleanor Doan)

A good teacher is to the student
what rain is to the field.

A good teacher should treat all students like his / her own children. He should answer all questions even if they are stupid.

We teach more by what we do than
by what we say.

A good teacher is the one who is a learner himself / herself.

Give me a fish and I eat for a day,
teach me to fish and I eat for a life
time.
