

Nature of Donbass

WELCOME

The colours of the land

Donbass is a beautiful place!

You can see nice steppes, forests, many ponds, lakes and rivers. The longest river is the Seversky Donets. The largest lake is Solenoye.

The city is situated on the river Kalmius.

The Sea of Azov is in the south of the republic.

Small and deep ravines, forests

Beautiful steppes and plains

The beautiful squares, parks and yards, and flower blossom in our city

THANKS FOR ATTENTION
