

# Food in Britain

Worksheet Sofia Zhdanovich

**Topic – Food in Britain**

Elementary level

For 10-11 year old children

**Aim** – to practise listening skills,  
vocabulary related to the topic  
food

**Subsidiary aims** – to encourage  
peer-teaching and working in  
teams, to introduce the traditional  
British food to students

# Lead-in

- Quiz
- **Rational** - to generate students' interest in the topic. Students can find the answers to the quiz after having watched the video

# Pre-teaching vocabulary

- Test-Teach-Test framework
  - 1) Discuss which words they know/don't know
  - 2) Try to match the words, understand the meaning
  - 3) Practise pronunciation
- **Rational** – getting rid of vocabulary difficulties

# First part

- Breakfast in Britain, packed lunch
- Pre-watching question
- 1<sup>st</sup> watching
- Matching exercise
- 2d watching
- **Rational** – getting to know how a British breakfast looks like, what a packed lunch is

## Second part

- A take away
- Pre-watching questions
- 1<sup>st</sup> watching
- Filling in the gaps, place the lines in the right order
- 2d watching
- **Rational** – getting to know what a take away, practising vocabulary

# Third part

- Pre-watching questions to generate interest
- Matching pictures with lists of ingredients, names of dishes
- Practising pronunciation
- 1<sup>st</sup> watching
- **Rational** – to get to know some of the traditional British dishes

# Checking quiz

- Students can count how many points they have scored in the quiz on British food

# Debate

2 groups (take away vs dinner at home), think about pros and cons of your ideas

**Rational** – freer practice of vocabulary, speaking on the topic of the video, learning how to present and defend your ideas
