The Royal Palace in Madrid

- Is one of the most famous sights of the city and its hallmark.
- The exterior of the building harmoniously combines various architectural styles: such as Rococo, Baroque.
- Inside, you can see the paintings of Velasquez and Goya, Caravaggio and Tiepolo.
- View in detail the collection of ancient weapons.
- The Royal Palace also offers a walk through the beautiful parks of Campo del Moro and Sabatini, which stretch throughout the surrounding area and stretch all the way to the Manzanare river.

Columbus circle

- In the center of Columbus circle are located the "Discovery of America" gardens.
- The Eastern side of the square is occupied by a series of allegorical blocks, which, according to the sculptor Barkeo Tursios, reflect the great achievements of Columbus.
- On the opposite side of the square is located a monument to the famous discoverer.

Gran vía

- Madrid differs from other European capitals in that it does not formally have a main street. The center is full of boulevards, and each of them deserves this honorary title. However, the most famous street is considered to be Gran vía, where fashionable Metropolitan youth gather.
- Is known for the two famous literary characters — Don Quixote and Sancho Panza.

Santiago Bernabeu stadium

- Santiago Bernabeu stadium is a sports center located in the North of Madrid
- In 2007, it was awarded the 5-star category by UEFA, in other words, it was recognized as an elite stadium.
- This football stadium belongs to real Madrid.
- Football fans are given a daily opportunity to visit the stadium, follow the routes of their idols, visit the locker room and sit on the bench.

An aerial photograph of a city at sunset. The sky is filled with dramatic, dark clouds tinged with orange and pink from the setting sun. In the foreground, a large, ornate building with a dark, domed roof and a statue on top is prominent. A sign on the building reads "METROPOLIS". To the right, a curved building with many windows is visible. In the background, a tall building with a blue-lit spire stands out against the sky. The city streets are visible, with a few cars on the road.
