BICASA

COMPA

NY

During 70 years of experience and innovation, Bicasa has been designing and manufacturing laboratory furniture and fume cupboards with innate leanings to “think out of the box”.

Italian design & quality and customer’s utmost care complete the milestones of Bicasa philosophy. Since 1947, ownership and management in the hands of two related Families grant to the company a long term vision, based on trust and reliability. With projects succeeded in more than 50 countries in the world, Bicasa is nowadays one of the most important laboratory furniture manufacturer in the market, proud of providing solutions more than products.
