Protect the Baltic Sea

Экологическое образование как один из способов спасения Балтийского моря и его обитателей

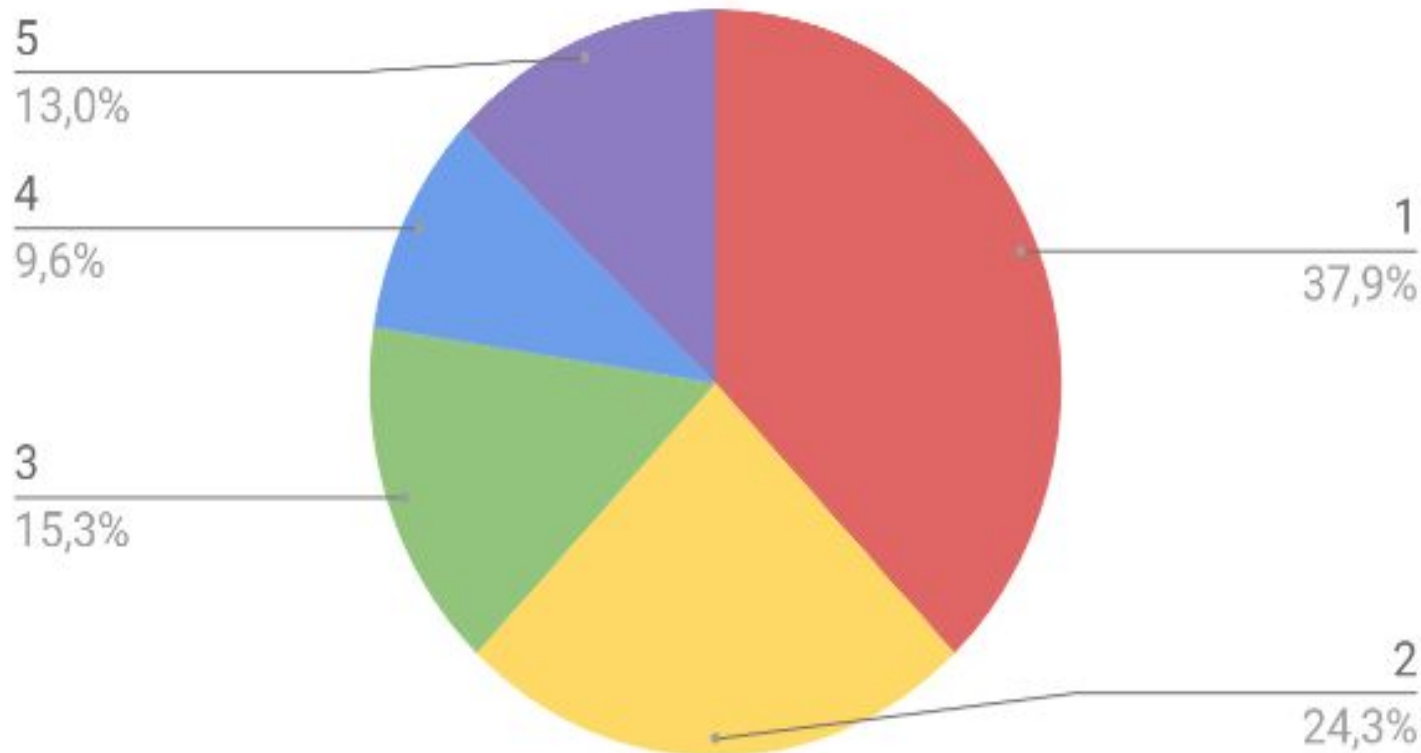

Imkhasina Asia
Tarasova Varvara
Savinova L.M.

**Saint Petersburg
2020**

Content

1. Introduction
2. Environmental problems of the Baltic region
3. Endangered animals of the Baltic region
4. Protection of animals of the Baltic region: state and volunteer organizations
5. The environmental center for children, The Museum of water, St-Petersburg
6. "The Foundation of friends of the Baltic ringed seals".
7. Conclusion
8. Source of information

What do you know about the environmental problems of the Baltic Sea?

The project goal

- is to tell the students about the environmental protection making an educational site.

Tasks of the project

to study

to find out

to review
and
explore

to learn

to show

to tell

Environmental problems of the Baltic region

Toxic old weapons

Overpopulation

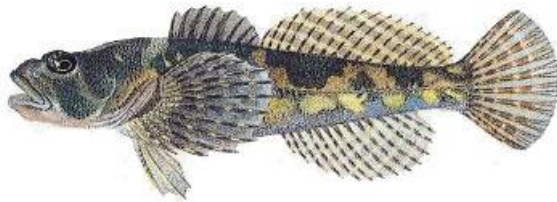

Endangered fish and animals of the Baltic region

Atlantic sturgeon

Brown trout

European bullhead

Grey seal

Ringed seal

Harbour porpoise

Protection of animals of the Baltic region: state and volunteer organizations

The Foundation of friends of the Baltic ringed seals

- since 2007
- professional biologists Elena Andrievskaya and Vyacheslav Alexeev
- returned to the wildlife about 100 seals
- about 10-15 people help in the fields
- about 1000-1500 people give money to charity
- cooperate with some of the international organizations and other volunteering foundations

The Foundation of friends of the Baltic ringed seals

Advice

If you see a seal,

- Don't come near
- Don't touch the animal
- Call 699-23-99
- Describe the animal and the place
- Take pictures

Conclusion

**The ecological education
by different ways!**

What can help change the mind of students
about our ecological problems?

Where?

What can help change the mind of students about our ecological problems?

What?

TV reports
Ecoclubs
Ecobooks
Environmental
Interactive games
Lessons
Cartoons
activities

Conclusion

**SAVE THE
SEAL**

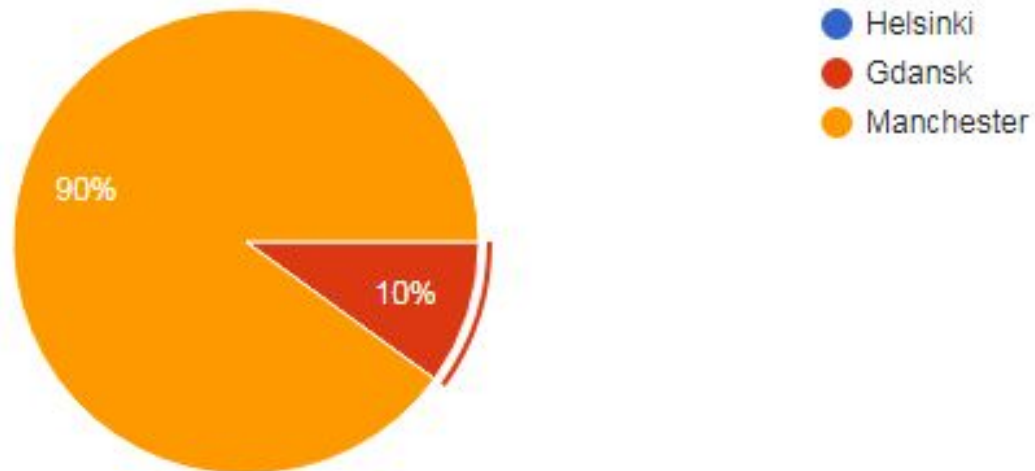

**Welcome to our
site!**

Here you can find out about ecological problems in the Baltic region.

Conclusion

Which city is not in the Baltic region? (Какой город не находится в Балтийском регионе?)

10 ответов

Thank you for attention!
