About us

Dear Sirs!

We are grateful to our customers for their confidence and experience of effective cooperation. Our main goal is to meet expectations and needs of our customers and facilitate the successful implementation of their projects.

Many years of experience enabled us to create a team of highly professional lawyers, auditors, tax consultants, as well as specialists on application of Russian and international accounting standards.

The high professional level of our experts is confirmed by international certificates and diplomas.

We consistently implement the strategy of extension of partnership relations with foreign investors working in the Russian market. Currently, we are recommended as a responsible consultant by international automobile industry enterprises, manufacturing and trading companies.
