

B Mother. Wake up Tommy! Time to go to school!

B Tommy. Mummy! Today is the first day of holidays!

Mother. Oh! I've completely forgotten! Sorry. Go back to sleep then.

Tommy. Actually, I think I will get up now. The weather looks so nice! I will call Jack and see if he would like to go to the park with me.

Mother. Jack may still be asleep.

1 Tommy. Jack is an early bird, Mum! He walks his dog at 6 in the morning every day!

Mother. All right, then. Why don't you take your bike or roller skates to the park?

Tommy. I'd rather take a skateboard. When will we have lunch today, Mum? One o'clock?

Mother. No, at half past one. I need to go the doctor at 12:30.

Tommy. Does your ear still hurt, Mum? Or is it your tooth?

Mother. No, I feel fine. I just need a pair of new glasses.

Tommy. Ok. Oh, Mum? May I have some money for ice cream? It costs 2 dollars.

Mother. Here's a five-dollar bill, Tommy, get one for Jack as well.

Tommy. Thanks! I'll bring the change back!

5/5

E. Utah is a state in the Western region of the United States. Due to its beautiful nature it is a popular tourist destination. Utah claims to have “the greatest snow on Earth”. The snow density is 8.5% which, apparently, is the perfect balance of wetness and fluffiness. Maybe this is what convinced the International Olympic Committee to host the 2002 Winter Olympics in Salt Lake City Utah.

The text deals with ...

1. The city where people go to have fun.
2. A place known for its snow.
3. The state named after a famous person.
4. The second largest state in the USA.
5. The smallest state in the USA.
6. The state known for its technologies.

Due to - благодаря
Destination - место назначения
To claim - заявлять
Density - плотность, густота, интенсивность

Jumbo jets are the biggest planes in the world. The word 'jumbo' means "elephant". They are so big that they often have an upstairs and a downstairs. Some have bedrooms and showers. Some jumbo jets can carry more than 400 passengers because they are so big. A jumbo jet can fly at 900 kilometres an hour. A pilot of a jumbo jet has to go through many years of training. He must learn to work hundreds of different buttons in all of the jet's systems.
