“Pay the favor forward” principle

According to this principle, students study at school for free, but we request that they return as mentors to pass on their knowledge to the next generation of students

JavaScript/Front-end course statistics 2020 in Russian speaking countries

11101 people applied for the JavaScript/Front-end course (from Belarus, Russia, Kazakhstan, Uzbekistan, etc.)

1274 people completed the course (with support of 430 mentors)

123+ people hired by EPAM

Our community

- Active community. 15K people in our Discord server. Friendly atmosphere, people on hand to assist at all times
- 80+ regular volunteers.
- Multiple opportunities for communication. Shared learning is more interesting and more effective.
- Mentors from different companies and countries, mainly programmers. 400+ volunteers participated in mentoring our students in last two years.

Benefits of RS School

- Online classes. Ability to view lectures on YouTube and do tasks at any time.
- Employment Opportunities (refferals)
- Possibility to take various mock interviews in preparation for actual interviews.
- Students can repeatedly attend courses.
- No age limit.
