Help Kuan to start eating healthy!

Good morning, Dr Kind. I've got pain in my left ear. And I think I've also got a stomach ache.

I'll give you this medicine – Orangiadin. You must take one four times a day. You mustn't forget.

Are you afraid of doctors? Why or why not?

Should I stay in bed for a few days?

No, you needn't stay at home. You should go for walks in the park, and you should visit your family and see your friends.
