## Faszinierend schön. Faszinierend stark.

Die neue Staubsauger-Generation S4: bewundernswert hygienische Kunststücke aus der Werkstatt der Designer und Ingenieure von Miele. Mit einer maximalen Leistungstärke von 1.800 Watt bestechen diese Meisterwerke nicht nur durch eine faszinierende Optik, sondern darüber hinaus auch durch eine Bedienungsfreundlichkeit, die Hingebenen sucht. Mit einem Lächeln könnte man sagen: Das ist die perfekte Reinheit zum Wohlfühlen.

A surreal advertisement for an Electrolux vacuum cleaner. The scene is set in a room with a red carpet and a yellow wall. A circular opening in the wall, which is the vacuum's suction port, is sucking a mouse into it. The mouse is shown in mid-air, its body being pulled towards the hole. The text "It really sucks!" is written in a simple font above the mouse, emphasizing the vacuum's power.

It really sucks!

The new vacuum cleaners from Electrolux. The greatest suction power.  **Electrolux**

A woman with short brown hair, wearing a grey and white plaid dress, white gloves, and tan heels, is using a long-reach stick vacuum cleaner. She is standing in a room with floral wallpaper and a wooden side table with a lamp. The vacuum cleaner is extended upwards, reaching towards the ceiling. The scene is lit with soft, indoor lighting.
