A BRAND OF SANLORENZO

I loved the Bluegame boats right from the first moment.
They perfectly express the sophisticated understanding of Sanlorenzo yachts
in a smaller dimension and share the same values.
Deciding on their entry into the group was simply a natural choice.

Massimo Perotti
SANLORENZO
Executive Chairman

*Краткое инфo о
компaнии*

Впервые на российском рынке

The commitment to design and build every boat fulfilling
the owner's requirements and according to the highest quality
standards, is the mission of Bluegame.

Многофункциональные спортивные лодки

The commitment to design and build every boat fulfilling
the owner's requirements and according to the highest quality
standards, is the mission of Bluegame.

НОВЕЙШИЙ БРЕНД С БРУТАЛЬНЫМ ХАРАКТЕРОМ ОТ SANLORENZO

The commitment to design and build every boat fulfilling
the owner's requirements and according to the highest quality
standards, is the mission of Bluegame.

Скоростной глиссирующий корпус

The commitment to design and build every boat fulfilling
the owner's requirements and according to the highest quality
standards, is the mission of Bluegame.

BG42

НИЗКИЙ ЦЕНТР ТЯЖЕСТИ ОБЕСПЕЧИВАЕТ ВСЕПОГОДНУЮ МОРЕХОДНОСТЬ

ЛЕГКАЯ НАДСТРОЙКА ИЗ КАРБОНА И IPS-ДЖОЙСТИК УСИЛИВАЮТ МАНЕВРЕННОСТЬ

**ИННОВАЦИОННАЯ ЭРГОНОМИКА ГАРАНТИРУЕТ БЕЗОПАСНОСТЬ И КОМФОРТ
НА БОРТУ**

Discover the BG42 experience

It is the entry gate to the Bluegame range of Sport Utility Yachts. Despite her size, in only 12.98 meters (42'5") Bluegame 42 is able to concentrate all the features of the range. The central part of the stern platform is lowering to launch and board a 9' tender and to create a swimming platform.

SPECIFICATIONS

LENGTH OVERALL	12,98 m 42 ft. 5 in	MAX SPEED	35 knots +/- 5% STD 38 knots +/- 5% OPT
DRAFT @ FULL LOAD	1,05 m 3 ft. 4 in	CRUISE SPEED	30 knots +/- 5% STD 31 knots +/- 5% OPT
FUEL CAPACITY	1.400 l. 370 gals.	MAX NUM. PASSENGERS	14
ENGINES	2 x IPS VOLVO 600 STD 2 x IPS VOLVO 650 OPT	MAXIMUM BEAM	4,37 m 14 ft. 3 in
GENERATORS	1 x 5 kW	DEADRISE	17°
CE certified length	12,05 m 39 ft. 5 in	BLACK WATER CAPACITY	95 l. 25 gals.
DISPLACEMENT DRY (ESTIMATE)	11,5 t +/- 5% 25350 lbs.	CLASS	CE cat. "B"

BG62

Discover the BG42 experience

BG 42 - функциональная спортивная лодка, объединившая все достоинства модельного ряда при длине 12,98 м (42'5"). Яхта может быть использована в качестве дневного круизера, лодки для дайвинга, рыболовного или патрульного катера.

Always safe and easy in any condition

Volumes, spaces, ergonomic, practical life on board are well conceived by an architect who is at the same time an expert sailor with a wide experience of seamanship. Seaworthiness is guaranteed by a naval architect with the widest experience in any kind of hull.

Computational Fluid Dynamics (CFD) is helping the naval engineers to optimise the specific hull design of each model, in term of weight balance and volumes, in order to obtain always the best performance.

The quality of the Bluegame hull design inherits its characteristics from the typical cold moulded Carolina style Lou Codega design fisherman, allows Bluegame boats to face the most severe sea conditions with maximum comfort and in total safety. The sturdy construction, the well balanced centre of gravity thanks to the light construction of the superstructure made in carbon fibre, the well protected steering position, make the Bluegame all-round boats.

The effective fast planning hull design with variable deadrise, powered with Volvo Penta IPS power train allows Bluegame boats to easily cruise over 30 knots and provide extremely easy maneuverability. Bluegame boats have a continuous perimeter fender in internal foam elastomer that allows to approach without fear and without damage to pontoons, piers, or other boats, even more facilitated by the very easy to manoeuvre IPS system joystick that allows to move the boat in any direction.

Bluegame boats have large and well protected sidewalks and a high enough bulwark to let children and guests run around in complete safety.
