

EDUCATION IN RUSSIA.

(ОБРАЗОВАНИЕ В РОССИИ)

Often we are faced with problem of a complete representation of the education system in the Russian Federation .

An

an

Main elements of the education system in Russia

Preschool education	General education	Professional education	Additional education
Kindergarten	Primery school (1-4 grade)	Secondary special education (college)	For adults: <ul style="list-style-type: none"> - Professional development - clubs, studios For children: <ul style="list-style-type: none"> - Art school - Music school - And so on
	Basic education (5-9 grade)	Secondary full education (University)	
	High school (10-11 grade)	Postgraduate education (Graduate school)	

Learning process

✓ Preschoolers attend kindergartens

✓ Schoolchildren attend school

✓ Professional education

College

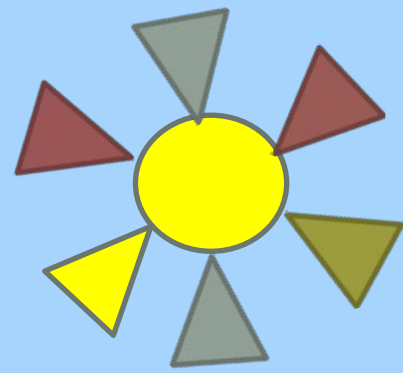

University

Graduate school

School uniform in Russia.

Study is very
interesting.
But everyone
can learn well.
Someone is
lazy ,but
someone
simply does
not have the
possibility to
get an
education .

OUT-OF-SCHOOL EDUCATION

We need to develop a lot
,study and get rich life
experience.

The background of the image features a repeating pattern of small, colorful calendar icons for the year 2016. These icons are arranged in a grid, with each icon tilted at a 45-degree angle. The colors of the icons include red, blue, green, and yellow. The text "The end" is centered in the middle of the image in a large, bold, black font.

The end
