# Access Management for Business Applications

Welcome, **Tatiana Bondarenko** | Role: **Regular User** | [\[Logout\]](#)

[Self Access Review](#) | [Home](#)

**Update for Users-** TCC measures via the Paracom application has now been implemented in SAMBA to ensure that Access Provisioning and Approvals are TCC Compliant. If you come across some new TCC related pop-ups it would be due to this implementation. Only the below Applications are currently excluded: (the same would be implemented for then in Phases). Siebel - Invoicer, Siebel - CRM Sales, Payment Hub, InTime, Lawson 9 Legal/Fiscal, Lawson 9 IST, Lawson 9 Other, MFGPRO, Efinance, Reporter, Oracle.
