# THE HOUSE IS IN A PRIMITIVE TIME

In a House a lot has changed through the ages. In the past people used to escape from animals and hide from the rain. It was made of animals' bones and skins.

# THE HOUSE NOWADAYS

---

Today we have a large beautiful home. They look different. We use the house for meeting friends and relatives. We also live in homes with their families. The house is made of different materials. The houses in the villages are made of bricks, boards, logs, etc. In large cities they are made of bricks and plates.

# THE HOUSE OF THE FUTURE

---

The house of the future. There are lots of different features that will allow us to live better. The house of the future is the endless possibilities. The house will be completely Autonomous from all networks: electricity, heating, water, sewage, etc. will Not be an exception and the Internet. The house of the future will be the most Autonomous. Water, for example, will come to the house from an artesian well. Electricity will be obtained from renewable sources: sun, wind, water.
